Beyond the Sea of Beer Miloslav Rechcigl Jr., 2017-11-09 This is a comprehensive history of immigrants from the historic lands of the Bohemian Crown and its successor states, including Czechoslovakia and the Czech Republic, based on the painstaking lifetime research of the author. The reader will find lots of new information in this book that is not available elsewhere. The title of the book comes from a popular song of the famous Czech artistic duo, Voskovec and Werich, who described America in those words when they lived here, reflecting on their love for this country. It covers the period starting soon after the discovery of the New World to date. The emphasis is on the US, although Canada and Latin America are also covered. It covers the arrival and the settlement of the immigrants in various states and regions of America, their harsh beginnings, the establishment of their communities, and their organization. A separate section is devoted to the contributions of notable individuals in different areas of human endeavor, including Bohemians, Moravians, Bohemian Jews, and the Slovaks. These people excelled in just about every facet of human undertaking. Even though a total number of these immigrants were fewer than other ethnic groups, their accomplishments were phenomenal. Nothing like this has ever been published since the time Thomas Capek wrote his classic *The Cechs* (Bohemians) in America some one hundred years ago.

The Ballets Russes in Australia and Beyond Mark Carroll, 2011 Tours to Australia and New Zealand during the 1930s by Colonel Wassily de Basil's Ballets Russes mark a watershed in the cultural life of the two nations. Local artists rejoiced in the opportunity to learn about European high art firsthand, while audiences and the public at large were jolted from the conservatism that shrouded the post-Depression Antipodes. The dancers were feted like pop stars, and they in turn embraced the physical vitality of Australia and New Zealand. The Ballets Russes in Australia and Beyond draws together essays by leading international and national scholars, who explore the rich legacy of the Ballets Russes; its impact on dance, music, visual art and Antipodean society in general. A dazzling array of pictures brings to life the sheer vitality of the companies in a way that makes the volume indispensable to balletomanes, scholars, and those fascinated by the synergies between the creative arts in general. Contributors: Jane Albert, Alan Brissenden, Mark Carroll, Lee Christofis, Michael Christoforidis, Joel Crotty, Helen Ennis, Gillian Forwood, Nicolette Fraillon, Lynn Garafola, Stephanie Jordan, Valerie Lawson, Andrew Montana, Felicity St John Moore, Richard Stone.

**Inventing the American Guitar** James Westbrook, Arian Sheets, Richard Johnston, 2013-10-01 Inventing the American Guitar is the first book to describe the early history of American guitar design in detail. It tells the story of how a European instrument was transformed into one with all of the design and construction features that define the iconic American flat-top guitar. This transformation happened within a mere 20 years, a remarkably brief period. The person who dominates this history is C. F. Martin Sr., America's first major guitar maker and the founder of the Martin Guitar Company, which continues to produce outstanding flat-top guitars today. After emigrating from his native Saxony to New York in 1833, Martin quickly established a guitar making business, producing instruments modeled after those of his mentor, Johann Stauffer of Vienna. By the time he moved his family and business to rural Pennsylvania in 1839, Martin had absorbed and integrated the influence of Spanish guitars he had seen and heard in New York. In Pennsylvania, he evolved further, inventing a uniquely American guitar that was fully developed before the outbreak of the Civil War. Inventing the American Guitar traces Martin's evolution as a craftsman and entrepreneur and explores the influences and experiments that led to his creation of the American guitar that is recognized and played around the world today.
