

The Sacred Mushroom And The Cross

J. Harold Ellens

The sacred mushroom and the cross John Marco Allegro, 1970 A study of the nature and origins of Christianity within fertility cults of the ancient Near East.

The sacred mushroom and the cross John Marco Allegro, 1970 A study of the nature and origins of Christianity within fertility cults of the ancient Near East.

The Sacred Mushroom and the Cross John M. John M. Allegro, 2014-12-10 This book is the first published statement of the fruits of some years' work of a largely philological nature. It presents a new appreciation of the relationship of the languages of the ancient world and the implication of this advance for our understanding of the Bible and of the origins of Christianity.

The Mushroom and the Bride John Herbert Jacques, 1970 A believer's examination and refutation of John Marco Allegro's book *The sacred mushroom and the cross*.

The Historical Jesus Gary R. Habermas, 1996 Rev. ed. of: *Ancient evidence for the life of Jesus*. Includes bibliographical references and index.

John Marco Allegro Judith Anne Brown, 2005 This book explores the life and work of John Allegro, freethinker and rebel, whose work on the Dead Sea Scrolls led him to challenge the Church, the editing team, and most conventional assumptions about the development of Christianity.

Mushrooms and Mankind James Arthur, 2000 For thousands of years on our planet, humanity has been involved in a symbiotic relationship with plants. Not only have plants supplied mankind with a never-ending food source, the necessary nourishment for our bodies, and life itself, but they have also served us in another way: an extremely important and intricate one, yet an often overlooked one. This book uncovers the natural link between man, consciousness, and God.

The Westminster Dictionary of Christian Spirituality Gordon S. Wakefield, 1983-01-01 Ecumenical in character, this comprehensive and authoritative dictionary is the achievement of scholars of international standing--Anglicans, Roman Catholics, Baptists, Presbyterians, Quakers, Methodists, Lutherans, and others....The articles are nondogmatic and scholarly....The main emphasis is thematic--the entries represent types, schools, and subjects. Articles that refer to non-Christian religions...are included insofar as they have influenced Christianity. The unifying theme of the dictionary is that it seeks to illumine ways in which women and men have responded to God in prayer and living...

Crash Gordon and the Mysteries of Kingsburg Derek Swannson, 2007-08 Daring, funny, and filled with strange facts about the medico-military-occult complex, Crash Gordon and the Mysteries of Kingsburg is a paranoid comedy that's seriously concerned with the fate of humanity.

The Holy Mountain Alessandra Santos, 2017-08-08 Alejandro Jodorowsky's El Topo helped inaugurate the midnight movie phenomenon. Its success spawned The Holy Mountain, through interventions by John Lennon and Allen Klein. After a scandalous release and a 16-month midnight career, The Holy Mountain was relegated to the underground world of fan bootlegs for over thirty years until its limited restored release in 2007. This short study reveals how The Holy Mountain, a poetic, hilarious, and anarchist cult film by an international auteur, anchored in post-1968 critiques, is - at the same time - an archaeological capsule of the counterculture movement, a timely subversion of mystical tenets, and one of the most mysterious films in the history of world cinema.

Psychedelics: A Full Story Scott Quimby, PhD, 2024-12-06 Psychedelics: A Full Story comprises an extensively researched discussion of the major psychedelics: LSD, psilocybin (magic mushrooms), mescaline (peyote), DMT (ayahuasca), MDMA (ecstasy), ibogaine, and ketamine, and examines their historical and unique aspects as well as the most recent research. The colorful and controversial history of LSD is discussed from widespread and successful clinical use, little-known CIA projects, and serious personal exploration, to well-known controversial figures such as Timothy Leary. Reasons are examined for its sudden downfall from a position of esteem to one of fear and antipathy in the mind of the public. This discussion ranges from the history of these psychedelics to their potentials for healing and spiritual development, from their use among indigenous cultures to current researchers, from psychedelic drug explorations to questions about mind and consciousness. It includes in-depth discussion of the potential of psychedelics to address several challenges facing us today including mental health disorders and addictions, the shrinking of our understanding of mind to the physical and chemical processes in the brain, and our difficulties dealing with death and dying. New and profound insights about the human mind emerging from psychedelic experience and research are discussed as well as exploration of transpersonal and spiritual experiences involving the nature, range, and depth of consciousness, the reality of spirit, and the nature of reality. The story of psychedelics examines what recently has become an exciting new chapter. While their use was made illegal in the late 1960s and research ground to a halt, in the last few years there has been an explosion of psychedelic research primarily focused on the possibilities it holds for the treatment of mental illness and addiction.

Psilocybin Mushroom Legal Defenses William Brodovich, 2013 Psilocybin Mushroom Legal Defenses is a practical legal guide designed to help defense attorneys win acquittals in psilocybin mushroom cases. It relies on two legal arguments: first, that there are no laws specifically prohibiting possession of psilocybin mushrooms in 46 of the 50 states; second, that the use of these mushrooms for spiritual purposes is an exercise of religion, and therefore protected by the First Amendment. The

book includes a model opening statement and final argument, and shows how to refute the material/container argument that the prosecutor will use. All the background information needed for a strong defense is provided. Aside from the legal arguments, the book contains a wealth of interesting information about psychedelics, including the results of the most recent scientific studies.

Seeking the Sacred with Psychoactive Substances J. Harold Ellens, 2014-10-28 Can drugs be used intelligently and responsibly to expand human consciousness and heighten spirituality? This two-volume work presents objective scientific information and personal stories aiming to answer the question. The first of its kind, this intriguing two-volume set objectively reports on and assesses this modern psycho-social movement in world culture: the constructive medical use of entheogens and related mind-altering substances. Covering the use of substances such as ayahuasca, cannabis, LSD, peyote, and psilocybin, the work seeks to illuminate the topic in a scholarly and scientific fashion so as to lift the typical division between those who are supporters of research and exploration of entheogens and those who are strongly opposed to any such experimentation altogether. The volumes address the history and use of mind-altering drugs in medical research and religious practice in the endeavor to expand and heighten spirituality and the sense of the divine, providing unbiased coverage of the relevant arguments and controversies regarding the subject matter. Chapters include examinations of how psychoactive agents are used to achieve altered states in Judaism, Christianity, Islam, and Buddhism as well as in the rituals of shamanism and other less widely known faiths. This highly readable work will appeal to everyone from high school students to seasoned professors, in both the secular world and in devoted church groups and religious colleges.

The Psychedelic Gospels Jerry B. Brown, Julie M. Brown, 2016-09-15 Reveals evidence of visionary plants in Christianity and the life of Jesus found in medieval art and biblical scripture--hidden in plain sight for centuries • Follows the authors' anthropological adventure discovering sacred mushroom images in European and Middle Eastern churches, including Roslyn Chapel and Chartres • Provides color photos showing how R. Gordon Wasson's psychedelic theory of religion clearly extends to Christianity and reveals why Wasson suppressed this information due to his secret relationship with the Vatican • Examines the Bible and the Gnostic Gospels to show that visionary plants were the catalyst for Jesus's awakening to his divinity and immortality Throughout medieval Christianity, religious works of art emerged to illustrate the teachings of the Bible for the largely illiterate population. What, then, is the significance of the psychoactive mushrooms hiding in plain sight in the artwork and icons of many European and Middle-Eastern churches? Does Christianity have a psychedelic history? Providing stunning visual evidence from their anthropological journey throughout Europe and the Middle East, including visits to Roslyn Chapel and Chartres Cathedral, authors Julie and Jerry Brown document the role of visionary plants in Christianity. They retrace the pioneering research of R. Gordon Wasson, the famous "sacred mushroom seeker," on psychedelics in ancient Greece and India, and among the present-day reindeer herders of Siberia and the Mazatecs of

Mexico. Challenging Wasson's legacy, the authors reveal his secret relationship with the Vatican that led to Wasson's refusal to pursue his hallucinogen theory into the hallowed halls of Christianity. Examining the Bible and the Gnostic Gospels, the authors provide scriptural support to show that sacred mushrooms were the inspiration for Jesus' revelation of the Kingdom of Heaven and that he was initiated into these mystical practices in Egypt during the Missing Years. They contend that the Trees of Knowledge and of Immortality in Eden were sacred mushrooms. Uncovering the role played by visionary plants in the origins of Judeo-Christianity, the authors invite us to rethink what we know about the life of Jesus and to consider a controversial theory that challenges us to explore these sacred pathways to the divine.

The God Who Is Hans Schwarz, 2011-01-01 Who is the God in whom Christians believe? Is he just a figment of the human mind as critics of religion claimed in the nineteenth century and as crusading atheists assert again today? Since the beginnings of rational thought the brightest minds among humanity have attempted to assert that God does indeed exist. But even the so-called proofs for God's existence always started with the assumption that there is someone to prove. As soon as we move beyond that which is within space and time mere proofs or disproofs no longer suffice. Both believers and unbelievers live to a certain degree by faith. Yet religion is inextricably connected with human history. When we journey through the landscape of religion and witness its gradual unfolding we soon realize that not all religions are equal. Though they may be witnesses of the same God, the way they talk about God is so different that this not only leads to very different concepts of God but also to different approaches to life on this earth. At the end of this long journey we finally arrive at the Judeo-Christian tradition which witnesses to the God in whom Christians believe. This book seeks to show how this belief matured and what difference this belief still makes today.

The Essenes, the Scrolls, and the Dead Sea Joan E. Taylor, 2012-11-15 The mystery surrounding the Dead Sea Scrolls remains, over 60 years after their rediscovery. Who hid them and why? This groundbreaking book reinvigorates the contested hypothesis that the Essenes were responsible. Rather than being a marginal esoteric sect, Taylor shows that this group acted as one of the leading legal schools of Judaism.

Copper Scroll Studies George J. Brooke, Philip R. Davies, 2004-07-09 This book contains the papers delivered at the 1996 Copper Scroll Symposium which was organized by the Manchester-Sheffield Centre for Dead Sea Scrolls Research to mark the 40th Anniversary of the opening of this enigmatic scroll in Manchester. The papers cover the history of the Scroll's interpretation (P. Muchowski, P. Davies, B. Segal, M. Wise); how it should be conserved, restored and read (N. Cacoudre, M. Lundberg, E. Puech); how it was produced (P. Kyle McCarter); the meaning of its technical terms (J.F. Elwolde, A. Lange, J. Lefkovits, J. Lubbe, L. Schiffman); its genre (M. Bar-Ilan, R. Fidler, T. Lim); its geography (P.S. Alexander); its correlation with archaeological remains (H. Eshel); and not least who wrote it, when and why (S. Goranson, I. Knohl, H. Stegemann, B. Thierine, A. Wolters) with an Introduction by G. Brooke. This is volume 40 in the Journal for the Study of Pseudepigrapha

Supplement series.

The Complete Guide to Edible Wild Plants, Mushrooms, Fruits, and Nuts Katie Letcher Lyle, 2016-10-15 Edible wild plants, mushrooms, fruits, and nuts grow along roadsides, amid country fields, and in urban parks. All manner of leafy greens, mushrooms, and herbs that command hefty prices at the market are bountiful outdoors and free for the taking. But to enjoy them, one must know when to harvest and how to recognize, prepare, and eat them. *The Complete Guide to Edible Wild Plants, Mushrooms, Fruits, and Nuts* provides everything one needs to know about the most commonly found wild foods—going beyond a field guide’s basic description to provide folklore and mouth-watering recipes for each entry, such as wild asparagus pizza, fiddlehead soup, blackberry mousse, and elderberry pie. This fully illustrated guide is the perfect companion for hikers, campers, and anyone who enjoys eating the good food of the earth. With it in hand, nature lovers will never take another hike without casting their eyes about with dinner in mind.

Psychedelic Apes Alex Boese, 2019-07-25 From the Sunday Times bestselling author of *Elephant's on Acid* comes a collection of the wackiest theories from science and history. What if we’re living inside a black hole? What if we’ve already found extraterrestrial life? What if the dinosaurs died in a nuclear war? What if Jesus Christ was actually a mushroom? In *Psychedelic Apes*, bestselling author Alex Boese delves into the curious scientific subculture of weird theories. Thoroughly bizarre and contrary to the established norm, these ideas are often vehemently rejected by the intellectual community. From the creation of the universe to the evolution of humans, the birth of civilization right through to our more recent past, *Psychedelic Apes* explores some of the craziest ideas from science and history and shows that, sometimes, even the weirdest theories may be proved true . . .

The End of a Road John M Allegro, 2013-05-13 In 1970, John M. Allegro published *The Sacred Mushroom and the Cross*, arguing that the early Christians belonged to a drug cult, their sacrament consisting of hallucinogenic mushrooms. The book contained a large amount of linguistic data to support Allegro's speculations. In his follow-up book, *The End of a Road*, Allegro considered the philosophical ramifications of having undermined Christianity and hence, for many people, religion altogether. He argued that abandoning religion is not tantamount to abandoning morality; rather, it should enable a more honest and straightforward approach to morality. This new edition includes a new foreword by Judith Anne Brown, author of *John Marco Allegro: The Maverick of the Dead Sea Scrolls*, as well as two new essays. These are an essay by Franco Fabbro discussing a mushroom mosaic in an early Christian church in Aquileia; and an essay by John Bolender discussing the vagueness of the concept of religion, which raises questions about the precise target of Allegro's polemic and challenges attempts to defend religion as a biological adaptation.

Immerse yourself in the artistry of words with is expressive creation, Discover the Artistry of **The Scared Mushroom And The Cross** . This ebook, presented in a PDF format (PDF Size: *), is a masterpiece that goes beyond conventional storytelling. Indulge your senses in prose, poetry, and knowledge. Download now to let the beauty of literature and artistry envelop your mind in a unique and expressive way.

The Scared Mushroom And The Cross Introduction

The Scared Mushroom And The Cross Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. The Scared Mushroom And The Cross Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. The Scared Mushroom And The Cross : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for The Scared Mushroom And The Cross : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks The Scared Mushroom And The Cross Offers a diverse range of free eBooks across various genres. The Scared Mushroom And

The Cross Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. The Scared Mushroom And The Cross Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific The Scared Mushroom And The Cross, especially related to The Scared Mushroom And The Cross, might be challenging as they're often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own

Online Searches: Look for websites, forums, or blogs dedicated to The Scared Mushroom And The Cross, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some The Scared Mushroom And The Cross books or magazines might include. Look for these in online stores or libraries. Remember that while The Scared Mushroom And The Cross, sharing copyrighted material without permission is not legal. Always ensure you're either creating your own or obtaining them from legitimate sources that allow sharing and downloading.

Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow The Scared Mushroom And The Cross eBooks for free, including popular titles.

Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books.

Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the The Scared Mushroom And The Cross full book, it can give you a taste of the

authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of The Scared Mushroom And The Cross eBooks, including some popular titles.

FAQs About The Scared Mushroom And The Cross Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. The Scared Mushroom And The Cross is one of the best book in our library for free trial. We provide copy of

The Scared Mushroom And The Cross in digital format, so the resources that you find are reliable. There are also many Ebooks of related with The Scared Mushroom And The Cross. Where to download The Scared Mushroom And The Cross online for free? Are you looking for The Scared Mushroom And The Cross PDF? This is definitely going to save you time and cash in something you should think about.
