The Best Week That Never Happened Dallas Woodburn, 2020-04-21 A poignant and gripping heart-tug of a page-turner filled with heart and hope. I couldn't put it down. Magic. —Jennifer Niven, New York Times bestselling author of *All the Bright Places* and *Holding Up the Universe* Dallas Woodburn...shows real maturity about the complexities of relationships of all kinds, and she doesn't shirk from the painful experiences of her characters. Now, Tegan finds herself alone and confused about how she got to the Big Island. With no wallet, no cell phone, purse, or plane ticket, Tegan struggles to piece together what happened. She must have come to surprise-visit Kai. Right? As the teens grow even closer, Tegan pushes aside her worries and gets swept away in the vacation of her dreams. But each morning, Tegan startles awake from nightmares that become more difficult to ignore. Something is eerily amiss. Why is there a strange gap in her memory? Why can't she reach her parents or friends from home? And what's with the mysterious hourglass tattoo over her heart? Kai promises to help Tegan figure out what is going on. But the answers they find only lead to more questions. As the week unfolds, Tegan will experience the magic of first love, the hope of second chances, and the bittersweet joy and grief of being human.

A Witch's 10 Commandments Marian Singer, 2006-05-30 A Simon & Schuster eBook. Simon & Schuster has a great book for every reader.

Nomads who Cultivate Beauty Mette Boivin, 2001 The author describes Wodaabe cultural choices as active archaisation. Different art forms are analysed in the light of identity construction by the Wodaabe. Their elaborate cultivation of beauty in make-up, tattoos, body paintings, calabash carvings, embroideries, and architecture all follow the principle of symmetry and order in the cosmos. The author emphasizes the gendered aspects of social life and identity construction and explores masculinity among nomadic Wodaabe men, who are living sculptures displaying their beauty as a spiritual act, full of honour

and dignity.--BOOK JACKET.

Tattoo, Torture, Mutilation, and Adornment Frances E. Mascia-Lees, Patricia Sharpe, 1992-09-01 Contemporary theory across a wide range of disciplines denaturalizes the body and reveals it to be a social construction. Cultural practices which deform, adorn, mutilate, and obliterate the body illustrate that it is an important site for the inscription of culture. The authors draw on cross currents in feminist theory, literary criticism, anthropology, and history to analyze several such cultural practices as examples of the power of culture to encode its messages on the human form.

expanding humanity's prospects immeasurably. But a malevolent mastermind is on the loose, and he's claimed it all for himself and his twisted Posthuman empire. Now he's on a crusade to wipe out the human race and is cloning an invincible army of transhuman psychopaths to do the job. The Alliance must stop him, but no one knows where he is among the 50,000 stars scattered across the region's three million cubic light-years of space. The Sun Wolf, with its zero-point drive, is the only ship with any chance of finding this sinister demigod before it's too late. The hunt begins with a cryptic clue that leads Commander Aiden Macallan and his hand-picked crew to uncharted star systems and exotic exoplanets. At the same time, Aiden's mate, renowned microbiologist Skye Landen, follows a promising clue of her own, risking a fate worse than death. But time is running out, and an unforeseen ally from another realm may be their only hope for saving humanity from extermination.

The tomb dates to the eighth century BC and is thought to be the burial of the great Phrygian king Midas or his father. The objects, initially misunderstood, are now identified as nine tables, two serving stands, two stools, a chair, and an open log coffin. Three pieces are ornately carved and inlaid with religious symbols and complex geometric motifs. The wooden objects from Gordion are now recognized as the most important collection of well preserved wooden artifacts excavated from the Near East. Included in this volume are new photographs, reconstruction drawings, and eight scientific/technical appendices. Contributors include: Harry Alden, Burhan Aytuğ, Mary W. Ballard, Robert A. Blanchette, Roland Cunningham, Laure Dussubieux, Patrick E. McGovern, Benjamin Held, Walter Hopwood, Joseph Koles, Lynn E. Roller, Krysia Spirydowicz. ...this work goes well beyond a typical site-specific object catalogue and makes important contributions to a wide range of scholarly fields, both technical and conceptual, from textile and wood analysis to anthropological and religious studies. Elizabeth P. Baughan, University of Richmond "The book succeeds in its main aims of making available every scrap of information about the finds,

and it illuminates form, techniques, and function in a most convincing and stimulating manner.” Catherine M. Draycott, Courtauld Institute of Art

Lyrics on the Wind (Lost Kings MC #17) Autumn Jones Lake, 2021-01-21 Feelings were a weakness I couldn't afford. Until Shelby crept under my skin. Then I fell and I fell hard. Her touch has branded me to the bone. She's taught me love has no boundaries. I've always lived for danger. But this time, the stakes are too high. Her lyrics on the wind are calling my name. No matter where this road takes me, my ruthless MC brothers have my back. With their blessing, I'll seek, destroy, and ultimately deliver justice. Lyrics on the Wind is the second part of Rooster and Shelby's story. Rhythm of the Road should be read first.

Jewelry Melanie Holcomb, Kim Benzel, James A. Doyle, Moira Gallagher, John Guy, Navina Najat Haidar, Hannah Korn, Soyoung Lee, Maia Nuku, Diana Craig Patch, Joanne Pillsbury, Courtney A. Stewart, Beth Carver Wees, 2018-11-02 p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 14.0px Verdana} As an art form, jewelry is defined primarily through its connection to and interaction with the body—extending it, amplifying it, accentuating it, distorting it, concealing it, or transforming it. Addressing six different modes of the body—Adorned, Divine, Regal, Transcendent, Alluring, and Resplendent—this artfully designed catalogue illustrates how these various definitions of the body give meaning to the jewelry that adorns and enhances it. Essays on topics spanning a wide range of times and cultures establish how jewelry was used as a symbol of power, status, and identity, from earflares of warrior heroes in Pre-Colombian Peru to bowknot earrings designed by Yves Saint-Laurent. These most intimate works of art provide insight into the wearers, but also into the cultures that produced them. More than 200 jewels and ornaments, alongside paintings and sculptures of bejeweled bodies, demonstrate the social, political, and aesthetic role of jewelry from ancient times to the present. Gorgeous new illustrations of Bronze Age spirals, Egyptian broad collars, Hellenistic gold armbands, Japanese courtesan hair adornments, jewels from Mughal India, and

many, many more explore the various facets of jewelry and its relationship to the human body over 5,000 years of world history.

Women in Popular Culture Marian Meyers, 2008 Following upon the success of her book, *Mediated Women: Representations in Popular Culture*, the author's latest anthology takes a new look at a wide range of contemporary images of women within the media to examine the meanings behind the representations of women in popular culture. This book explores what representation of women says about their positions in society, the factors that shape representation, and the roles that gender, race, class, ethnicity and sexual orientation play within the mediated portrayal of women. Drawing primarily on qualitative textual analysis of film, reality TV, advertising, the news, children's programming, soap operas, TV drama, and more, the book situates the representation of women in popular culture along a continuum ranging from stereotypical portrayals that underscore women's bodies as pornographic spectacle to more positive and hopeful depictions. And it argues that the contemporary portrayals of women within popular culture are shaped by two major trends: the mainstreaming of pornography and its resultant hypersexualization of women and girls, and the commodification of those images for a global market.
