Take your pick among these intriguing features and speculations: -Surviving an English country weekend - if you had the advice of Hercule Poirot - A guide to the Christie poisons, as well as the cruder methods of genteel mayhem - The other Agatha Christie who wrote romantic novels - A murder victim's (!) first-person account of a Christie Mystery Weekend - The Hercule Poirot Double-Crostic and other puzzles That's a taste. There's much more - and witty plot summaries of all Christie's novels, plays, and many of her short stories. (But no endings, of course!) The Story Within a Story in Biblical Hebrew Narrative David A. Bosworth,2023-09-28 This book is a revision of a dissertation that studies three texts--Genesis 38; 1 Samuel 25; and 1 Kings 13:11-32 + Kings 12:15-20--in which the author finds examples of the literary device, mise-en-abyme (placement of the abyss).

Detecting Texts Patricia Merivale,Susan Elizabeth Sweeney,2011-06-07 Although readers of detective fiction ordinarily expect to learn the mystery's solution at the end, there is another kind of detective story—the history of which encompasses writers as diverse as Poe, Borges, Robbe-Grillet, Auster, and Stephen King—that ends with a question rather than an answer. The detective not only fails to solve the crime, but also confronts insoluble mysteries of interpretation and identity. As the contributors to *Detecting Texts* contend, such stories belong to a distinct genre, the metaphysical detective story, in which the detective hero's inability to interpret the mystery inevitably casts doubt on the reader's similar attempt to make sense of the text and the world. *Detecting Texts* includes an introduction by the editors that defines the metaphysical detective story and traces its history from Poe's classic tales to today's postmodernist experiments. In addition to the editors, contributors include Stephen Bernstein, Joel Black, John T. Irwin, Jeffrey T. Nealon, and others.

British Thrillers, 1950-1979 Franz Antony Clinton,2020-10-26 The three decades following WWII are considered the golden age of the British thriller film. Newer characters like James Bond, along with established icons such as Sherlock Holmes, Miss Marple and The Saint, all contributed to the era's bountiful array of cinematic mystery, danger, excitement and suspense. For the first time, the extensive output of British thrillers from 1950 to 1979 is covered in one volume. Themed

chapters cover a total of 845 films including spy thrillers, mystery thrillers, psychological thrillers, action-adventure thrillers, and crime thrillers. Within these chapters, films appear chronologically, each with a synopsis/review. Additional information provided for each film includes production companies and alternate British and U.S. titles, and the work includes eight useful appendices.

Deathtraps Marvin Carlson,1993 Shows the comedy thriller to be a singularly postmodern form. This work examines various elements of the thriller - openings, settings, characters, plot lines, the role of the audience, and endings - and shows how they work to overturn the conventions of realism in detective drama.

The Canadian Short Story Reingard M. Nischik,2007 Beginning in the 1890s, reaching its first full realization by modernist writers in the 1920s, and brought to its heyday during the Canadian Renaissance starting in the 1960s, the short story has become Canada's flagship genre. It continues to attract the country's most accomplished and innovative writers today, among them Margaret Atwood, Mavis Gallant, Alice Munro, Carol Shields, and many others. Yet in contrast to the stature and popularity of the genre and the writers who partake in it, surprisingly little literary criticism and theory has been

devoted to the Canadian short story. This collection redresses that imbalance by providing the first collection of critical interpretations of a range of thirty well-known and often-anthologized Canadian short stories from the genre's beginnings through the twentieth century. A historical survey of the genre introduces the volume and a timeline comparing the genre's development in Canada, the US, and Great Britain via representative examples completes it. The collection is geared both to specialists in and to students of Canadian literature. For the latter it is of particular benefit that the volume provides not only a collection of interpretations, but a comprehensive introduction to the history of the Canadian short story. Reingard M. Nischik is professor and chair of American Literature at the University of Constance, Germany.
