*The Whole Language* Gregory Boyle, 2021-10-19 The founder of Homeboy Industries, the largest and most successful gang-intervention program in the world--through a series of stories that bear witness to the transformative power of tenderness--challenges ideas about God and about people.--Provided by publisher.

Tattoos on the Heart Gregory Boyle, 2010-03-09 “Destined to become a classic of both urban reportage and contemporary spirituality” (Los Angeles Times)—Tattoos on the Heart is a series of parables about kinship and redemption from pastor, activist, and renowned speaker, Father Gregory Boyle. For twenty years, Father Gregory Boyle has run Homeboy Industries, a gang-intervention program located in the Boyle Heights neighborhood of Los Angeles—also known as the gang capital of the world. In Tattoos on the Heart, he has distilled his experience working in the ghetto into a breathtaking series of parables inspired by faith. From giant, tattooed Cesar, shopping at JC Penney fresh out of prison, you learn how to feel worthy of God’s love. From ten-year-old Pipi you learn the importance of being known and acknowledged. From Lulu you come to understand the kind of patience necessary to rescue someone from the dark—as Father Boyle phrases it, we can only shine a flashlight on a light switch in a darkened room. This is a motivating look at how to stay faithful in spite of failure, how to meet the world with a loving heart, and how to conquer shame with boundless, restorative love.

**Barking to the Choir** Greg Boyle, 2017-11-14 A Jesuit priest and founder of Homeboy Industries traces his experiences of working with gangs in Los Angeles for three decades, sharing what his efforts have taught him about faith, compassion, and the enduring power of radical kinship.

Gangland Laura L. Finley, 2018-10-01 This two-volume set integrates informative encyclopedia entries and essential primary documents to provide an illuminating overview of trends in gang membership and activity in America in the 21st century. Gangland: An Encyclopedia of Gang Life from Cradle to Grave includes extended discussion of specific gangs; types of gangs based on ethnicity and environment (rural, suburban, and urban); recruitment and retention methods; leadership structure and other internal dynamics of various gangs; impacts of gang membership on extended family; the historical evolution of gangs in American society; depictions of gang life in popular culture; violent and nonviolent gang activities; and programs, policies, agencies, and organizations that have been crafted to combat gang activities. In addition, the encyclopedia includes a suite of primary sources that offer a look into the personal experiences of gang members, examine

efforts by law enforcement and public officials to address gang activity, and address wider societal factors that make eradicating gangs such a difficult task.

*Forgive Everyone Everything* Gregory Boyle, 2022-09-01 2023 Illumination Book Awards Gold Medalist, Keepsake/Gift/Specialty Bible 2023 Independent Press Awards Winner, Hispanic 2023 Independent Press Awards Distinguished Favorite, Gift Books 2023 Independent Press Awards Distinguished Favorite, Religion Nonfiction 2023 Association of Catholic Publishers Excellence in Publishing Awards, First Place (Tie), Prayer 2023 Catholic Media Association Book Awards, Second Place, Inclusion in the Church Gregory Boyle, SJ, spends his days at Homeboy Industries accompanying ex-gang members as they rebuild their lives. *Forgive Everyone Everything* is a powerful collection of his most poignant writings based on decades of experiences of loss and pain, redemption and renewal. All 50 reflections are accompanied by stunning street art from acclaimed artist and ex-gang member Fabian Debora, making this book a modern-day devotional that will provoke and inspire readers. "There's no denying how difficult things can be. But the way out to the place of resilience, the place of restoration, the place of not allowing your heart to be hardened by resentment, relies on one thing: forgive everyone everything." -Gregory Boyle

**Hearts and Hands, Second Edition** Luis J. Rodriguez, 2014-05-13 *Hearts and Hands* focuses on healing through community building. Empowered by thirty years of experience with gangs in Los Angeles and Chicago, Rodríguez offers a unique book of change. He makes concrete suggestions, shows how we can create nonviolent opportunities for youth today, and redirects kids into productive and satisfying lives. And he warns that we sacrifice community values for material gain when we incarcerate or marginalize people already on the edge of society. His drive to dissolve gang influence on kids is as personal as it is societal; his son, to whom he dedicates *Hearts and Hands*, served more than a decade in prison for gang-related activity. With anecdotes, interviews, and time-tested guidelines, *Hearts and Hands* makes a powerful argument for building and supporting community life.

**The Sayings and Stories of the Desert Fathers and Mothers**, 2021-03-15 *The Sayings and Stories of the Desert Fathers and Mothers* offers a new translation of the Greek alphabetical Apophthegmata Patrum, *The Sayings of the Desert Fathers*. For the first time in an English translation, this volume provides: • extensive background and contextual notes • significant variant readings in the alphabetical manuscripts and textual differences vis-à-vis the systematic and anonymous Apophthegmata • reference notes to both quotations from Scriptures and the many allusions to Scripture in the sayings and stories. In addition, there is an extensive glossary that offers information and further resources on people, places, and significant monastic vocabulary. Perfect for students and enthusiasts of the desert tradition.

*Stone Soup for the World* Marianne Larned, 2011-01-12 The handbook for humanitarians, completely revised and updated with 5 new stories "Stone Soup for the World is a blueprint for building a better world. Its heroes are legendary people and

ordinary folks who, by conviction, imagination, innovation, persistence, frequently hard work, and not infrequently moral or physical courage, have lifted their neighbors and their communities. They challenge each of us to respond in kind.” —Walter Cronkite, from the Introduction “The inspiring stories featured in this book are wonderful testaments to the ideals of good citizenship. Citizen service reflects one of the most basic convictions of our democracy: that we are all responsible for one another.” —Former president Bill Clinton “Stone Soup for the World tells many inspiring stories and reinforces a favorite quote of mine, ‘From now on in America any definition of a successful life must include service to others.’” —Former president George Bush “My father used to say that one person could make a difference and each of us should try. This book tells the stories of people who have made that difference, and they are an inspiration to us all.” —Caroline Kennedy “Wonderful . . . Young and old alike will be inspired by the hundreds of ideas for how we can help our children, our schools, our communities, and our country to be the best we can be.” —Retired General Colin Powell, Founding Chairman of America’s Promise—The Alliance for Youth From the Trade Paperback edition.

**Hearts and Hands** Luis Rodriguez, 2011-01-04 Hearts and Hands deals with many of the difficult issues addressed in Luis Rodríguez’s memoir of gang life, *Always Running*, but with a focus on healing through community building. Empowered by his experiences as a peacemaker with gangs in Los Angeles and Chicago, Rodríguez offers a unique book of change. He makes concrete suggestions, shows how we can create nonviolent opportunities for youth today, and redirects kids into productive and satisfying lives. And he warns that we sacrifice community values for material gain when we incarcerate or marginalize people already on the edge of society. His interest in dissolving gang influence on black and latino kids is personal as well as societal; his son, to whom he dedicates *Hearts and Hands*, is currently serving a prison sentence for gang-related activity. With anecdotes, interviews, and time-tested guidelines, *Hearts and Hands* makes a powerful argument for building and supporting community life.

**The Cultivated Life** Susan S. Phillips, 2015-05-22 Sociology professor and spiritual director Susan Phillips walks us through our circus-like cultural landscape to invite us into a cultivated life of spirituality and attentiveness. God extends to us an invitation to live in the garden of grace, and these pages unfold the spiritual practices that can lead us into a new and delightful way of living.

**Gangs in America’s Communities** James C. Howell, Elizabeth Griffiths, 2018-02-08 [*Gangs in America’s Communities*] is one of the most comprehensive treatments of gangs in the marketplace. . . . I highly recommend its adoption as you will not be disappointed and, most importantly, neither will your students. —Elvira White-Lewis, Texas A&M University-Commerce *Gangs in America’s Communities*, Third Edition blends theory with current research to help readers identify essential features associated with youth violence and gangs, as well as apply strategies for gang control and prevention. Authors Dr. James C. Howell and Dr. Elizabeth Griffiths introduce readers to theories of gang formation, illustrate various ways of

defining and classifying gangs, and discuss national trends in gang presence and gang-related violence across American cities. They also offer evidence-based strategies for positioning communities to prevent, intervene, and address gang activity. New to the Third Edition: A series of new case studies document the evolution of numerous gangs in large cities, including the community aspect, evolutionary nature, and how cities influence levels of violence. New discussions highlighting the role of social media, insights into how gangs use it to recruit members, and the response from law enforcement. Current nationwide gang trends are discussed to encourage readers to analyze and interpret the most recent statistics for which representative data is available. Updated macro and micro gang theories enable readers to explore a recent encapsulation of leading developmental models. New discussions around female gang members offer readers potentially effective programs for discouraging females from joining gangs—along with highly regarded delinquency prevention and reduction programs that have the potency to be effective in reducing gang crimes among young women. A comprehensive gang prevention, intervention, and suppression program in Multnomah County, Oregon shows how theory was successfully applied to reduce gang activity in a local community. New research on gang structures and their rates of crime illustrate the connections between violent crimes and the amount of violent offenders within a gang. Additional discussion of distinguishing features (e.g., typologies) of major gangs, and numerous examples of gang symbols, tattoos, and graffiti has been added to help readers identify and differentiate various types of gangs.

Power from the Margins Ramirez, Bishop Ricardo, 2016-09-15

**Encyclopedia of Activism and Social Justice** Gary L. Anderson, Kathryn G. Herr, 2007-04-13 This is an important historical period in which to develop communication models aimed at creating opportunities for citizens to find a voice for new experiences and social concerns. Such basic social problems as inequality, poverty, and discrimination pose a constant challenge to policies that serve the health and income needs of children, families, people with disabilities, and the elderly. Important changes both in individual values and civic life are occurring in the United States and in many other nations. Recent trends such as the globalization of commerce and consumer values, the speed and personalization of communication technologies, and an economic realignment of industrial and information-based economies are often regarded as negative. Yet there are many signs - from the WTO experience in Seattle to the rise of global activism aimed at making biotechnology accountable - that new forms of citizenship, politics, and public engagement are emerging. The Encyclopedia of Activism and Social Justice presents a comprehensive overview of the field with topics of varying dimensions, breadth, and length. This three-volume Encyclopedia is designed for readers to understand the topics, concepts, and ideas that motivate and shape the fields of activism, civil engagement, and social justice and includes biographies of the major thinkers and leaders who have influenced and continue to influence the study of activism. Key Features Offers multidisciplinary perspectives with contributions from the fields of education, communication studies, political science, leadership studies, social work, social

welfare, environmental studies, health care, social psychology, and sociology Provides an easily recognizable approach to topics, ideas, persons, and concepts based on alphabetical and biographical listings in civil engagement, social justice, and activism Addresses both small-scale social justice concepts and more large-scale issues Includes biography pieces indicating the concepts, ideas, or legacies of individuals and groups who have influenced current practice and thinking such as John Stuart Mill, Rachel Carson, Mother Jones, Martin Luther King, Jr., Karl Marx, Mohandas Gandhi, Nelson and Winnie Mandela, Dorothy Day, and Thomas Merton

**Exhortation to the Monks by Hyperechios** ,2024-07-23 Hyperechios's Exhortation to the Monks for the first time in English translation Hyperechios is a little-known monk of the fourth to fifth centuries, who is thought to have lived in Roman Palestine, possibly coastal Sinai. He wrote the Exhortation to the Monks, 160 short sayings, much like the apophthegmata, or sayings of the desert fathers and mothers, but also structurally very different—most of the sayings are two lines of poetry that offer instruction. The Exhortation, and early Christian monastic writings in general, teach that a spiritual life requires a life of training and practice, individually and as a neighbor and friend within one's community. This volume studies Hyperechios's Exhortation to better understand the moral and spiritual values in a fourth to fifth-century Christian monastic community, while reflecting also on how these are contemporary with the modern day. Drawing on modern works by scholars and placing the Exhortation in conversation with contemporary writers on the spiritual life, Tim Vivian begins with an introduction about Hyperechios, his location, the text, then a lengthy reflection on spiritual matters. He follows this with an English-language translation of the Exhortation and the Greek text, both accompanied by footnotes that offer biblical and patristic cross-references. Exhortation to the Monks by Hyperechios will be of interest to scholars and general readers of early Christianity, early monasticism, and Christian spirituality, both ancient and contemporary.

**A History of Religion in 51/2 Objects** S. Brent Plate,2015-03-10 A leading scholar explores the importance of physical objects and sensory experience in the practice of religion. A History of Religion in 5½ Objects takes a fresh and much-needed approach to the study of that contentious yet vital area of human culture: religion. Arguing that religion must be understood in the first instance as deriving from rudimentary human experiences, from lived, embodied practices, S. Brent Plate asks us to put aside, for the moment, questions of belief and abstract ideas. Instead, beginning with the desirous, incomplete human body, he asks us to focus on five ordinary objects—stones, incense, drums, crosses, and bread—with which we connect in our pursuit of religious meaning and fulfillment. As Plate considers each of these objects, he explores how the world's religious traditions have put each of them to different uses throughout the millennia. Religion, it turns out, has as much to do with our bodies as our beliefs. Maybe even more.

**Cherished Belonging** Gregory Boyle,2024-11-05 At a time when society is more fractured than ever before, beloved Jesuit priest Gregory Boyle invites us to see the world through a new lens of connection and build the loving community that

we long to live in--a perfect message for readers of Anne Lamott, Mary Oliver, and Richard Rohr. Over the past thirty years, Gregory Boyle has transformed thousands of lives through his work as the founder of Homeboy Industries, the largest gang-intervention program in the world. The program runs on two unwavering principles: (1) Everyone is unshakably good (no exceptions) and (2) we belong to each other (no exceptions). Boyle believes that these two ideas allow all of us to cultivate a new way of seeing. Every community wants to be a safe place, where people are seen, and then are cherished. By remembering that we belong to each other, we find our way out of chaos and its dispiriting tribalism. Pooka, a former gang member who now oversees the program's housing division, puts it plainly: Here, love is our lens. It's how we see things. In *Cherished Belonging*, Boyle calls back to Christianity's origins as a subversive spiritual movement of equality, emancipation, and peace. Early Christianity was a way of life--not a set of beliefs. Boyle's vision of community isn't just a space for an individual to heal, but for people to join together and heal each other in a new collective living, a world dedicated to kindness as a constant and radical act of defiance. The answer to every question is, indeed, compassion, Boyle exhorts. He calls us to cherish and nurture the connections that are all around us and live with radical kindness.

Christianity and Private Law Robert Cochran, Jr., Michael Moreland, 2020-11-22 This volume examines the relationship between Christian legal theory and the fields of private law. Recent years have seen a resurgence of interest in private law theory, and this book contributes to that discussion by drawing on the historical, theological, and philosophical resources of the Christian tradition. The book begins with an introduction from the editors that lays out the understanding of private law and what distinguishes private law topics from other fields of law. This section includes two survey chapters on natural law and biblical sources. The remaining sections of the book move sequentially through the fields of property, contracts, and torts. Several chapters focus on historical sources and show the ways in which the evolution of legal doctrine in areas of private law has been heavily influenced by Christian thinkers. Other chapters draw out more contemporary and public policy-related implications for private law. While this book is focused on the relationship of Christianity to private law, it will be of broad interest to those who might not share that faith perspective. In particular, legal historians and philosophers of law will find much of interest in the original scholarship in this volume. The book will be attractive to teachers of law, political science, and theology. It will be of special interest to the many law faculty in property, contracts, and torts, as it provides a set of often overlooked historical and theoretical perspectives on these fields.

*New Horizons in Positive Leadership and Change* Satinder Dhiman, Joan Marques, 2020-03-11 This edited volume provides managers, as well as students, with the best practices in effectively leading the 21st century workforce and managing change. It applies positive principles arising from the newly emerging fields of positive psychology, positive change, and positive organizational studies to the field of leadership and change; offering managers strategies and tools to lead change effectively, in the present-day boundary-less work environment. At its most fundamental level, the uniqueness of

this volume lies in its anchorage in the moral and spiritual dimension of leadership, an approach most relevant for contemporary organizations.
