Austronesian and Theoretical Linguistics Raphael Mercado, Eric Potsdam, Lisa deMena Travis, 2010-12-09 The Austronesian language family is the largest language family in the world, yet its members are relatively little studied, particularly from a formal perspective. Interestingly, because these languages exhibit typologically unusual properties, they pose important challenges to linguistic theory. Any theory that postulates a grammar that is common to all languages must take into account the particular characteristics of this language family. The contributions to this volume comprise five chapters on phonology and twelve chapters on syntax, all addressing aspects of these Austronesian challenges. The volume presents new data, new analyses of old data, and comparisons of closely related languages, as well as comparisons to languages outside of the language family. Taken together they form a unique picture of Austronesian linguistics. This volume will be of interest to researchers and students in phonetics, phonology, morphology, syntax, and language typology, as well as scholars of Austronesian languages.

Strangers to Husbands Lee Pini, 2024-07-16 They say what happens in Vegas stays in Vegas, but when Lewis wakes up married after a wild, drunken night at his best friend's bachelorette party, he's worried he's affected the rest of his life. Tad might be sweet, drop-dead gorgeous, and so easy to be with, but the obvious solution is a speedy divorce. The fact that they both live in New York City should make the process easy... so why is it taking them so long to sign the papers? Or even take off their rings? And why do they keep ending up in bed? Tad's anxiety and fear of coming out to his family has driven guys away before. Can he dare to believe Lewis is different? Lewis, his friends, and his loud, loving Italian family support Tad in a way he's never experienced, and it's easy to imagine a lifetime of that unconditional love. But life isn't a romcom... Or is it?
