The Encyclopedia of Best Films Jay Robert Nash,2019-10-23 This all-inclusive A-Z encyclopedia by one of the world's foremost experts on cinema provides comprehensive annotations of the best films produced from 1914 on. The work offers more than 5,000 three- to five-star entries (three stars=good; four stars=excellent; five stars=masterpiece), and yes, author Jay Robert Nash has viewed every single one of them as well as many more that did not make the cut. In addition to a precis, each film's entry also includes a listing of the cast as well as the key principles involved in production, from the director to the hair stylist. Especially unique to this book is a rating system that helps parents determine whether or not a film is appropriate for their children. Unlike the industry rating system which can be influenced by studio lobbying, Nash objectively evaluates each film and confers upon it one of four recommendations for viewing: recommended, acceptable, cautionary, and unacceptable. Backmatter includes a list of top films by genre (i.e. animated, drama, sports, mystery, adventure etc.) as well as an annotated name index listing all persons mentioned along with their dates of birth and death. Rounding out this essential volume for the film buff are over 500 still photos from the author's private collection.

Billboard ,1957-05-13 In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. Funny You Should Say that Andrew Martin,2005 'A fool and his words are soon parted' wrote William Shenstone in 1764; one might add that 'A wit and his words are rarely collected'. Here is the antidote: a dazzling survey of the funniest remarks, quips and observations from Ancient Rome, the Bible and Chaucer right up to The Simpsons and Little Britain. Over 5,000 of the very funniest remarks to have appeared on paper since, well, paper was invented. The quotations are arranged thematically and cover all aspects of life: from the world we inhabit to the things we eat, smoke and drink; from the way we move around to what and how we learn - oh, and the pointlessness of football. Within each theme, the quotations are chronologically placed to give you a real sense of the development of thought about each subject - as well as seeing how

jokes evolve over the years and, in some cases, who 'borrowed' from whom.

Sailor's Delight ,1982

Film Review F. Maurice Speed,1972 The year's releases in review, with necrologies and brief articles.

New York Magazine ,1991-01-14 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.
