Les Lois de la nature humaine Robert Greene, Cécile Capilla, Danielle Lafarge, Sabine Rolland, 2019-09-24 COMMENT DÉCODER LE COMPORTEMENT DES GENS QUI NOUS ENTOURENT ? La nature humaine est plus forte que n'importe quel individu, que n'importe quelle institution, que n'importe quelle invention technologique. Elle façonne ce que nous créons. Elle nous déplace comme des pions sur son échiquier. Nous sommes des animaux sociaux, et connaître les motivations profondes de nos semblables est un avantage suprême sans lequel nos autres talents montrent vite leurs limites. S'inspirant de Périclès, de la reine Élisabeth Ire, de Martin Luther King Jr. Et de bien d'autres personnalités, Robert Greene nous apprend dans ce nouvel ouvrage événement à développer notre empathie pour devenir plus perspicace, à voir derrière les masques de nos interlocuteurs et à résister au conformisme pour faire émerger la singularité de notre chemin. Dans tous les rapports que nous entretenons avec le monde qui nous entoure, les lois de la nature humaine nous propose de brillantes stratégies pour nous défendre, nous améliorer et réussir. L'AUTEUR BEST-SELLER DE POWER Grand amoureux d'histoire, de littérature et de la France en particulier, Robert Greene parle plusieurs langues couramment (dont le français). Diplômé de Berkeley, Californie, en lettres classiques, il est l'auteur de nombreux best-sellers. Sa communauté sur Twitter dépasse les 165 000 abonnés. The Laws Of Human Nature Jideon F Marques,2023-12-22 Introduction A life of Healing, a life of Health, A life worth living is a life of Wealth. I have practiced over 25 years as a chiropractor and I have learned that most people come to me to

treat their pain. I'm sure that most doctors and therapists have the same experience, people want to receive a treatment that will cure their illness. As I treat my patients I'm also analyzing how their problem was created. I'm looking at various factors like diet, lack of exercise, injurious repetitive movements or anything else that could provoke the problem. I'm trying to get the patient to take responsibility for their problem and help me with their treatment. It appears that I'm treating their physical illness but over the years I have come to a new realization, that a person's emotional, mental and spiritual side can also affect their health. The reality of the situation is that we can't separate an illness into a physical, emotional, mental or spiritual ailment, because everything works together. I now understand that attitudes play an essential role in our health and wellbeing. Attitudes have characteristics that are physical, emotional, mental and spiritual. In psychology attitudes are labeled as behavioral (physical), affective (emotional) and cognitive (mental). In this book attitudes have a spiritual side as well, attitudes will have a positive spiritual value or a negative spiritual value. Attitudes that bring people together and unite them has an energy with a positive spiritual value and attitudes that are divisive and cause separation has a negative value. If we have attitudes with a negative spiritual energy then they will cause illness; physical illness, mental illness and emotional illness. We need to adopt attitudes with a positive spiritual energy if we want to stay healthy and grow spiritually. Spiritual growth is there for all of us but we have to make the effort, no one can make us grow spiritually. Looking for someone to cure our ills is a short-term proposition, the long term cure is when we discover what is causing us harm and create a healthy lifestyle. The 7 Laws of Human Nature is a scientific philosophical study into the human consciousness, the 7 chakras and the human aura. We use theories to make sense about what we are observing in life, to explain ideas and interpret facts. The 1st chapter is the Theory of the Oneness of Universal Love, which will present 7 hypotheses. These hypotheses will present facts and suppositions of facts, which will be followed up by a theory. This is all happening on four energy levels; physical, emotional, mental and spiritual. Life on Earth has to have a reason, our lives aren't an accident and this book presents a logical theory on the how and why of life. This is a book on love and how love works in our lives. With Love and Devotion to All
