

Quotes About The Hood

Lance Freeman

John Bell Hood Stephen M. Hood, 2013-07-19 An award-winning biography of one of the Confederacy's most successful—and most criticized—generals. Winner of the 2014 Albert Castel Book Award and the 2014 Walt Whitman Award John Bell Hood died at forty-eight after a brief illness in August 1879, leaving behind the first draft of his memoirs, *Advance and Retreat: Personal Experiences in the United States and Confederate States Armies*. Published posthumously the following year, the memoirs immediately became as controversial as their author. A careful and balanced examination of these controversies, however, coupled with the recent discovery of Hood's personal papers—which were long considered lost—finally sets the record straight in this book. Hood's published version of many of the major events and controversies of his Confederate military career were met with scorn and skepticism. Some described his memoirs as merely a polemic against his arch-rival Joseph E. Johnston. These opinions persisted through the decades and reached their nadir in 1992, when an influential author described Hood's memoirs as a bitter, misleading, and highly biased treatise replete with distortions, misrepresentations, and outright falsifications. Without any personal papers to contradict them, many writers portrayed Hood as an inept, dishonest opium addict and a conniving, vindictive cripple of a man. One went so far as to brand him a fool with a license to kill his own men. What most readers don't know is that nearly all of these authors misused sources, ignored contrary evidence, and/or suppressed facts sympathetic to Hood. Stephen M. Hood, a distant relative of the general, embarked on a meticulous forensic study of the common perceptions and controversies of his famous kinsman. His careful examination of the original sources utilized to create the broadly accepted facts about John Bell Hood uncovered startlingly poor scholarship by some of the most well-known and influential historians of the twentieth and twenty-first centuries. These discoveries, coupled with his access to a large cache of recently discovered Hood papers, many penned by generals and other officers who served with Hood, confirm Hood's account that originally appeared in his memoir and resolve, for the first time, some of the most controversial aspects of Hood's long career.

There Goes the Hood Lance Freeman, 2011-01-19 How does gentrification affect residents who stay in the neighborhood?
The Sewanee Review, 1898

Policing Show Business Francis MacDonnell, 2024-11-12 In *Policing Show Business*, Francis MacDonnell explores the starring role played by J. Edgar Hoover in the development of the Hollywood blacklist in the 1940s and 1950s. As director of

the FBI, Hoover poured resources into scrutinizing show business, a policy choice unjustified by any corresponding threat to public security. He detailed agents to write regular reports on actors, screenwriters, lyricists, singers, and studio executives. His frequent handwritten comments on papers inside the files of film industry personalities demonstrate a level of interest bordering on obsession. Policing Show Business is not just another book about the Hollywood blacklist. MacDonnell approaches the Red Scare through biography using FBI records on such luminaries as Marlene Dietrich, Walt Disney, Hedda Hopper, Adolphe Menjou, Lena Horne, Fredric March, Cecil B. DeMille, and Burl Ives to present in unexpected, surprising, and sometimes poignant ways the rich human dramas experienced by both targets of the bureau and its collaborators. MacDonnell's meticulously researched account, drawing on many newly available FBI files, evokes the passions and resentments; the courageous acts and calculated evasions; and the petty tyrannies and self-interested campaigns of an ignominious episode in the annals of American freedom.

El Paso's Muckraker Garna L. Christian, 2015-02-15 A muckraking newspaperman who was once nationally known as a historian of the West, Owen Payne White (1879-1946) brought local history to center stage, intrigued readers nationally with tales of the Old West, and spotlighted corruption in high and low places. This long-overdue biography restores this overlooked writer to the forefront of western history and journalism. White spent his early writing career as a newspaper columnist until his history of El Paso, *Out of the Desert: The Historical Romance of El Paso*, catapulted him into the major leagues of journalism when the publisher brought it to the attention of the New York Times and the American Mercury. White moved to New York and went on to publish eight books on the Old West, an autobiography, and dozens of articles as a staff editor at Collier's. He uncovered hypocrisy, heroism, and crime, earning national recognition as well as death threats and a million-dollar lawsuit. His knowledge of Mexico also allowed him to follow leads south of the border, where he covered the aftermath of the Mexican Revolution. Through it all, White never lost his sardonic wit, his scrupulous directness, or his intellectual and political independence.

Poor Man's Fortune Jarod Roll, 2020-04-08 White working-class conservatives have played a decisive role in American history, particularly in their opposition to social justice movements, radical critiques of capitalism, and government help for the poor and sick. While this pattern is largely seen as a post-1960s development, *Poor Man's Fortune* tells a different story, excavating the long history of white working-class conservatism in the century from the Civil War to World War II. With a close study of metal miners in the Tri-State district of Kansas, Missouri, and Oklahoma, Jarod Roll reveals why successive generations of white, native-born men willingly and repeatedly opposed labor unions and government-led health and safety reforms, even during the New Deal. With painstaking research, Roll shows how the miners' choices reflected a deep-seated, durable belief that hard-working American white men could prosper under capitalism, and exposes the grim costs of this view for these men and their communities, for organized labor, and for political movements seeking a more just and secure

society. Roll's story shows how American inequalities are in part the result of a white working-class conservative tradition driven by grassroots assertions of racial, gendered, and national privilege.

Underworld Roman Martín,2020-10-23 Accurately describes 'the Life,' and the pros and cons of becoming a mobster . . . in a very unique manner that will no doubt have you in stitches. —Frank Cullotta, coauthor of *Cullotta: The Life of a Chicago Criminal, Las Vegas Mobster, and Government Witness* For the first time in history, there is now an easy-to-follow self-help guide on how to join and rise in the most exclusive men's club in the world—the Italian-American Mafia (aka La Cosa Nostra). Learn everything from loansharking to leg-breaking to corpse disposal, all without leaving the comfort of your mobile home or prison cell. Based on interviews with dozens of former high-ranking Mafiosi and many other hardcore mobsters from across the globe, true-crime auteur Roman Martín has risked life and limb to bring you this spellbinding tour de force. Whether you're a couch-surfing gangster-wannabe or simply someone who's watched *The Godfather* too many times, this breathtaking exposé of the Honored Society offers something for everyone. Pushing the bounds of the First Amendment to their breaking point, Don Martín also reveals the FBI's most closely guarded secrets when it comes to wiseguys and goodfellas. Wanna know the one surefire way to find out who in your crew is an undercover cop or fed? Or the best way to deal with those annoying witnesses? Then look no further, friends, for all your questions about the outlaw lifestyle shall be answered in *Underworld*. I laughed so hard at times that my jaws ached! —Dennis N. Griffin, award-winning true-crime author of *The Rise and Fall of a Casino Mobster: The Tony Spilotro Story*

Hood's Magazine and Comic Miscellany ,1844

United States of America V. Greyhound Corporation ,1974

Beasts of the Field Richard Steven Street,2004 Written by one of America's preeminent labor historians, this book is the definitive account of one of the most spectacular, captivating, complex and strangely neglected stories in Western history--the emergence of migratory farmworkers and the development of California agriculture. Street has systematically worked his way through a mountain of archival materials--more than 500 manuscript collections, scattered in 22 states, including Spain and Mexico--to follow the farmworker story from its beginnings on Spanish missions into the second decade of the twentieth century. The result is a comprehensive tour de force. Scene by scene, the epic narrative clarifies and breathes new life into a controversial and instructive saga long surrounded by myth, conjecture, and scholarly neglect. With its panoramic view spanning 144 years and moving from the US-Mexico border to Oregon, *Beasts of the Field* reveals diverse patterns of life and labor in the fields that varied among different crops, regions, time periods, and racial and ethnic groups. Enormous in scope, packed with surprising twists and turns, and devastating in impact, this compelling, revelatory work of American social history will inform generations to come of the history of California and the nation.

Iron Trade Review ,1911

A Soldier's Letters to Charming Nellie Joseph Benjamin Polley,2008 One of the most cited collections of letters by a Civil War soldier, A Soldier's Letters to Charming Nellie was originally published in 1908. A unit history of the 4th Texas Infantry in epistolary form, Joseph B. Polley's letters make available the correspondence of a soldier who participated in virtually all military action in the Eastern Theater. Polley was an unusually gifted writer, with a talent for satire and humor unmatched by most Civil War diarists. While the collection met with an enthusiastic audience upon its appearance, it has not been without controversy. Scholars have debated some of the letters' authenticity; many appeared in the Confederate Veteran long after the end of the war, and questions remain about whether they were all written during the Civil War or if some were composed at the turn of the century or later. In this definitive, annotated edition, Richard B. McCaslin has prepared new transcriptions of the letters and compared variant versions of them, resolving many of the historiographical puzzles that surround this wonderful collection. McCaslin also includes an analysis of when, how, and why Polley wrote the letters. The volume will aid historians interested in the activities of the Army of Northern Virginia and its commanders, and especially students of Hood's Texas Brigade.

Quotes About The Hood Introduction

In the digital age, access to information has become easier than ever before. The ability to download Quotes About The Hood has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers,

the option to download Quotes About The Hood has opened up a world of possibilities. Downloading Quotes About The Hood provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Quotes About The Hood has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Quotes About The Hood. These websites range

from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Quotes About The Hood. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Quotes About The Hood, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal

information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Quotes About The Hood has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
