*Mother Knows Best?* Sue Castle, 2012-06-01 Will a little warm milk really help you go to sleep? (Yes—although cold milk works just as well.) Does turning a light off for a few minutes actually use more energy than it saves? (No.) Is chicken soup the best cure for the common cold? (Not clear, but it certainly helps.) If you pick up a baby every time she cries, will she get spoiled? (No, babies need all the love they can get!) Your mother should know . . . but does she? Here is the book that finally sets the record straight on the received wisdom and commonly accepted notions we've all routinely followed for generations. *Mother Knows Best?* will entertain and amuse as it informs, offering not only the real basis in fact but also the origin and purpose of Mom's sometimes dubious counsel.

*Food Folklore* ,1999-01-01 Separate food facts from fiction with this handy guide from America's nutrition experts. Do carbohydrates cause weight gain? Will taking zinc help you recover faster from a cold? Does extra protein make muscles stronger? As long as people want quick and easy solutions to health concerns, food folklore will continue to be a part of our culture. But what are the facts, and what are the tall tales? In this fun and informative book, The American Dietetic Association reveals which commonly-held beliefs about food can be supported by science, and which are just myths. You'll find out about foods that really do have health benefits, and learn which popular practices might actually be harmful. Before you accept the latest health or nutrition advice or spend money on ineffective remedies, consult this unique resource from the experts at the ADA.

The Beginner's Goodbye Anne Tyler,2012-04-03 The beloved bestselling, Pulitzer Prize-winning author gives us a wise, haunting, and deeply moving novel about loss and recovery, pierced throughout with her humor, wisdom, and always penetrating look at human foibles. Crippled in his right arm and leg, Aaron grew up fending off a sister who constantly wanted to manage him. So when he meets Dorothy, an outspoken, independent young woman, she's like a breath of fresh air. He marries her without hesitation, and they have a relatively happy, unremarkable marriage. Aaron works at his family's vanity-publishing business, turning out titles that presume to guide beginners through the trials of life. But when a tree crashes into their house and Dorothy is killed, Aaron feels as though he has been erased forever. Only Dorothy's unexpected appearances from the dead—in their house, on the roadway, in the market—help him to live in the moment and to find some peace. Gradually, Aaron discovers that maybe for this beginner there is indeed a way to say goodbye.

**Pigskinizations** Louis Brodsky,2013-07-18 In *Pigskinizations*, L.D. Brodsky's seventh book of short fictions, a potpourri of functionally dysfunctional characters assembles itself for public inspection: a married man with a snoring problem, who finds complete bliss on his porch; a couple who've found separation to be the secret to the perfect marriage, and another, who prematurely celebrate the termination of their ant infestation; an apartment dweller who has a commuter train running through his bedroom; an evangelical peddler of insecticide and a traveling salesman purveying marital aids to a drug-addled poet; a college student with an arousing tattoo; an animal lover who revels in walking his pet boa constrictor; and two men who see themselves for what they really are -- an ape and a dinosaur. And through six of the stories, Brodsky's foul-mouthed, language-butcherer auto-assembly-line worker survives the K-Y2 viral, to celebrate Nude Year's Eve and the Stupor Bowl 34 x 2 +1 victory of his hometown St. Louis Cardinal Rams.

Once upon a time, fiery Daisy Barton was Colt's wife—and still is, thanks to a paperwork glitch. Now she's here in Rescue Bay, with a once-in-a-lifetime chance at a fresh start—renovating a crumbling B&B. The catch? The loan she needs requires her “husband's” financial backing. Colt wants to turn Daisy away, but when he sees her coax a smile from his cantankerous grandfather, Colt realizes maybe she can help him, too. It's the perfect arrangement—until the sparks start flying. Suddenly Colt realizes he's still head over heels in love with Daisy, and that he'll have to risk everything...or risk losing her forever.

**A Necessary Deception** Lucy Farago, 2018-05-22 The agents of the renowned Investigative Collection Unit have to be the biggest, baddest, and brightest to take on missions no one else would dare. It doesn't hurt that they're also the sexiest. But in a shadowy world where reality means living on the razor's edge of deception, few survive with their hearts intact . . . ICU intel expert Monty Buchannan's idea of fun is creating software—not roughing it in a cabin off the grid in Alaska. But his team forced him to unplug when his intense need to be in control put a mission at risk. Being alone isn't a problem; most people make him uncomfortable. But there's something about the woman he finds floundering in a frozen stream that warms

his ice-cold heart . . . Taylor Moore was once a spoiled socialite famous for her tabloid-worthy exploits, until she broke out from under wealthy father's thumb. Now she's the self-made CEO of an online matchmaking service—and on the run from Russian mobsters who've hijacked her website. But when she's suddenly plucked from a river by a half-naked mountain man, trust will become a matter of survival. And desire just might break down the defenses that have kept them both playing it far too safe for far too long . . . "Lucy Farago has an eye for detail, a heart for romance, and a voice as layered as her plot and characters!" --Roxanne St. Claire, New York Times and USA Today Bestselling Author

[Always Follow the Elephants](#) Anahad O'Connor, 2009-09-29 From The New York Times's intrepid Really? reporter and author of the bestselling *Never Shower in a Thunderstorm*, more mind-opening health facts (and fictions) In this follow-up to the bestselling *Never Shower in a Thunderstorm*, New York Times columnist Anahad O'Connor uncovers the truth behind a hundred more old wives' tales and conventional-wisdom cures. O'Connor investigates nagging questions of domestic safety,

such as whether you can get radiation poisoning from standing too close to a microwave. (You'll actually be exposed to more watts from your cell phone.) He unearths astounding first-aid MacGyverisms, such as the attempts by Vietnam War battlefield medics and professional sports stars to seal wounds with super glue. (The bottom line: it works, but can irritate skin.) And he looks into the claim that a pregnant mother with heartburn should expect a hairy newborn (and is as baffled as the scientists who tallied up the clearly evident infant hairdos). For anyone curious about whether to starve a fever or a cold, or whether stifling a sneeze will damage the body, O'Connor delivers yet another winning and irresistible collection of tips about our health.

**Nurture Faith** W. Douglas Hood, Nathanael Cameron Hood, 2022-08-12 The great Christian thinker and author C. S. In this collection of meditations, my son, Nathanael, and I hope to remind you of what you already know—that we belong to a God that seeks a relationship with us. God is not content with our admiration. God desires a relationship in which we are eager to know more and to experience more of God's power, love, and strength for the challenges that we must confront each day. Intentional time each day engaging God's word in the Bible provides fresh inspiration and increases our desire to reach the next concentric circle in our relationship with God.
