

History Of Art By Janson

Penelope J. E. Davies, Walter B. Denny, Frima Fox Hofrichter, Joseph Jacobs, Ann M. Roberts, David Simon

History of Art Horst Woldemar Janson, Anthony F. Janson, 2004 For forty years, this widely acclaimed classic has remained unsurpassed as an introduction to art in the Western world, boasting the matchless credibility of the Janson name. This newest update features a more contemporary, more colorful design and vast array of extraordinarily produced illustrations that have become the Janson hallmark. A narrative voice makes this book a truly enjoyable read, and carefully reviewed and revised updates to this edition offer the utmost clarity in contributions based on recent scholarship. Extensive captions for the book's incredible art program offer profound insight through the eyes of twentieth-century art historians speaking about specific pieces of art featured throughout. Significantly changed in this edition is the chapter on "The Late Renaissance," in which Janson offers a new perspective on the subject, tracing in detail the religious art tied to the Catholic Reform movement, whose early history is little known to many readers of art history. Janson has also rearranged early Renaissance art according to genres instead of time sequence, and he has followed the reinterpretation of Etruscan art begun in recent years by German and English art historians. With a truly humanist approach, this book gives written and visual meaning to the captivating story of what artists have tried to express—and why—for more than 30,000 years.

Janson's History of Art Horst Woldemar Janson, Penelope J. E. Davies, 2011 This is a key book for the study and enjoyment of Western art. This seventh edition has been revised and expanded and six new authors have been selected. Every image from the previous edition has been enhanced/refreshed using modern imaging technology.

Janson's History of Art: The ancient world Penelope J. E. Davies, 2012 For courses in the History of Art. Rewritten and reorganized, this new edition weaves together the most recent scholarship, the most current thinking in art history, and the most innovative online supplements, including MyArtsLab and the Prentice Hall Digital Art Library. Experience the new Janson and re-experience the history of art. The Portable Edition of Janson's History of Art, Eighth Edition features four lightweight, paperback books packaged together along with optional access to a powerful student website, www.myartslab.com, making the text more student friendly than ever. Janson's History of Art is still available in the original hardcover edition and in Volume I and Volume II splits. The Portable Edition is comprised of four books, each representing a

major period of art history. Long established as the classic and seminal introduction to art of the Western world, the Eighth Edition of Janson's History of Art is groundbreaking. When Harry Abrams first published the History of Art in 1962, John F. Kennedy occupied the White House, and Andy Warhol was an emerging artist. Janson offered his readers a strong focus on Western art, an important consideration of technique and style, and a clear point of view. The History of Art, said Janson, was not just a stringing together of historically significant objects, but the writing of a story about their interconnections, a history of styles and of stylistic change. Janson's text focused on the visual and technical characteristics of the objects he discussed, often in extraordinarily eloquent language. Janson's History of Art helped to establish the canon of art history for many generations of scholars. The new Eighth Edition, although revised to remain current with new discoveries and scholarship, continues to follow Janson's lead in important ways: It is limited to the Western tradition, with a chapter on Islamic art and its relationship to Western art. It keeps the focus of the discussion on the object, its manufacture, and its visual character. It considers the contribution of the artist as an important part of the analysis. This edition maintains an organization along the lines established by Janson, with separate chapters on the Northern European Renaissance, the Italian Renaissance, the High Renaissance, and Baroque art, with stylistic divisions for key periods of the modern era. Also embedded in this edition is the narrative of how art has changed over time in the cultures that Europe has claimed as its patrimony.

History of Art Anthony F. Janson, H. W. Janson, 2003-08 For two-semester survey courses in Art History and for Introductory Art courses taught from a historical perspective. The definitive survey of the Western Art tradition the standard by which all other art history surveys are measured this classic text uses an exceptional art program, impeccable scholarship, rich color, accurate five-color illustrations, and student-friendly pedagogy to introduce readers to the vast world of painting, sculpture, architecture, photography, and the minor arts. With its effectively written, balanced, and interesting narrative, it presents art as a succession of styles from Prehistory through the 20th century and enlarges students' capacity to appreciate works of art individually, not merely to accumulate data about them.

Throughout, the authors engage students by weaving a compelling narrative of how art has changed over time in the cultures that Europe has claimed as its heritage.

"The" modern world Penelope J. E. Davies, Horst W. Janson, 2012

History of Art for Young People H. W. Janson, Anthony F. Janson, Discontinued 3pd, 2002-08-06 For 40 years this widely praised work has remained unsurpassed as an introduction to art in the Western world. And now-with a more contemporary, more colorful design and with 30 percent more color illustrations than in previous editions-this newest update of the Janson classic is an enticing volume. The book features improved sections on ancient art, modern architecture, Mannerism, and Romanticism. Revised material on the late Renaissance reassesses the religious paintings of Rosso, Pontormo, Savoldo, Correggio, and Tintoretto. A primer section features an introduction to basic terminology and concepts of art history. With the matchless credibility of the Janson name, this convenient-to-use reference will inform, enlighten, and enrich the entire family.
