The price you might be spending on the new London model, and having the bluing removed and polished etc, would probably come close to the purchase price of the Stainless Colt. You will still have to problems with rust and such on the London model. But a bad bore!** Jul 26, 2025 · The stainless steel used for guns is not a true stainless steel and will attack a magnet. Still it is much more rust resistant than any type of carbon steel.
