

Sexual Abuse By A Sibling

Brad Watts

Sibling Abuse Vernon R. Wiehe, 1997-06-06 Often excused by parents as 'kids will be kids' behaviour, sibling abuse remains largely unrecognized. Symptoms of such abuse and its devastating effects on victims go undetected, victims do not receive appropriate therapeutic intervention, and transgressors do not come to the attention of the courts. The author of this book brings this neglected area 'out of the shadows' with personal accounts of adult survivors, insights into why sibling abuse occurs, suggestions for prevention and implications for treatment.

Understanding and Responding to Sibling Sexual Abuse Sophie King-Hill, Kieran McCartan, Abby Gilsenan, Jonathan Beavis, Amy Adams, 2023-06-20 Sibling sexual abuse is believed to be the most common and long-lasting form of all intra-familial abuse, with estimates suggesting that it is five times more prevalent than parent-child sexual abuse. This book draws on unique research from two studies which examine the nature, impact and response to sibling sexual abuse in England and Wales. Given the complex and underreported nature of sibling sexual abuse there are questions surrounding whether current interventions are appropriate in helping victims/survivors, children and young people who have been harmed and their families. There is growing evidence that highlights a lack of appropriate practitioner guidance and training which then leads to insufficient support, impacting negatively on long term outcomes. This book offers significant findings for policy, practice, and community engagement. It is written by authors with that have expertise in criminology, psychology, public health, social science, social work and also front-line practitioner experience.

Sibling Abuse Trauma John V Caffaro, John V. Caffaro, Allison Conn Caffaro, 2014-04-23 Sibling Abuse Trauma will enhance your knowledge of assessment and clinical intervention strategies for treating intersibling abuse trauma in children, families, and adults. This informative book features: an overview of sibling relationship development, sibling physical assault, incest, and psychological maltreatment individual and systemic risk factors gender differences traumatic effects clinical case studies and interviews a sibling abuse assessment schedule specific sibling-oriented interventions Due to the lack of research specifically focused on sibling abuse issues, there is a gap in the training and education of abuse trauma professionals. Sibling Abuse Trauma is an innovative book that focuses not only on sibling incest, but also on sibling physical assault and psychological maltreatment from a survivor's perspective. The authors utilize critical and empirical findings and rich case examples to illustrate how sibling abuse affects individual and family development, making further research and education in

this area imperative. Whether you incorporate these findings into your clinical practice or become inspired to conduct your own research, Sibling Abuse Trauma will improve your understanding of how to treat and evaluate individuals and families with sibling abuse-related concerns.

Sibling Sexual Abuse Brad Watts, 2020-12-28 Within every community in America, sibling sexual abuse can be found hiding in families who feel ashamed and lost about how to confront this problem. The cryptic nature of sibling sexual abuse preys about the vulnerable and its horrible effects feedback upon our tendency to ignore this problem. Sibling sexual abuse leaves no bruises. There are no broken bones. There are no holes in the walls. The bruises, brokenness, and holes are held tightly within the target of the abuse. Sibling Sexual Abuse walks the reader through the journey from the shocking disclosure of abuse occurring between sibling down a path of healing for families and communities. Sibling Sexual Abuse also addresses why this is important for every person in every community needs to get involved and participate in an open conversation about the dangers of sibling sexual abuse and what can be done to encourage hope and healing for these families. Sibling sexual abuse torments families of every kind in America today. It does not care about a family's race, income level, religion, or political preference it is damaging families with a tsunami like force yet no one is talking about it. Sibling sexual abuse is America's silent epidemic because survivors and families are afraid of what would happen if they share their stories. So they are forced to suffer in silence as a result the devastating effects of sibling sexual abuse continue to mount, with a causality list that grows at a dizzying pace. This frank and thorough book written by a therapist who specializes in working with sibling sexual abuse in families describes what families need to do at each step in their journey. Sibling Sexual Abuse walks the reader through the journey from the shocking disclosure of sexual abuse within the family and describes what steps can be taken in order for families to heal. Sibling Sexual Abuse also addresses why it is important for communities to get involved and participate in a national discourse about the dangers of sibling sexual abuse and what can be done to support survivors and families and how they can heal from such a shattering and painful event.

Handbook of Behavioral Criminology Vincent B. Van Hasselt, Michael L. Bourke, 2018-02-10 This multidisciplinary volume assembles current findings on violent crime, behavioral, biological, and sociological perspectives on its causes, and effective methods of intervention and prevention. Noted experts across diverse fields apply a behavioral criminology lens to examine crimes committed by minors, extremely violent offenses, sexual offending, violence in families, violence in high-risk settings, and crimes of recent and emerging interest. The work of mental health practitioners and researchers is shown informing law enforcement response to crime in interrogation, investigative analysis, hostage negotiations, and other core strategies. In addition, chapters pay special attention to criminal activities that violate traditional geographic boundaries, from cyberstalking to sex trafficking to international terrorism. Among the topics in the Handbook: · Dyadic

conceptualization, measurement, and analysis of family violence. · School bullying and cyberbullying: prevalence, characteristics, outcomes, and prevention. · A cultural and psychological perspective on mass murder. · Young people displaying problematic sexual behavior: the research and their words. · Child physical abuse and neglect. · Criminal interviewing and interrogation in serious crime investigations. · Violence in correctional settings. · Foundations of threat assessment and management. The Handbook of Behavioral Criminology is a meticulous resource for researchers in criminology, psychology, sociology, and related fields. It also informs developers of crime prevention programs and practitioners assessing and intervening with criminal clients and in correctional facilities.

Encyclopedia of Social Problems Vincent N. Parrillo, 2008-05-22 From terrorism to social inequality and from health care to environmental issues, social problems affect us all. The Encyclopedia will offer an interdisciplinary perspective into these and many other social problems that are a continuing concern in our lives, whether we confront them on a personal, local, regional, national, or global level.

Choices in Relationships David Knox, Caroline Schacht, I. Joyce Chang, 2020-01-07 Now published by SAGE! Cutting edge and student-friendly, *Choices in Relationships* takes readers through the lifespan of relationships, marriages, and families, and utilizes research to help them make deliberate, informed choices in their interpersonal relationships. Authors David Knox, Caroline Schacht, and new co-author I. Joyce Chang draw on extensive research to challenge students to think critically about the choice-making process, consider the consequences involved with choices, view situations in a positive light, and understand that not making a choice is a choice after all. The extensively revised Thirteenth Edition reflects the rapidly changing world with over 700 new research citations, a new feature on how technology effects relationships, revised “Culture and Diversity” features that focus on how choices in relationships vary across different cultures, new and increased coverage of single and LGBTQIA individuals, and more. This title is accompanied by a complete teaching and learning package.

The Brother/sister Hurt Vernon R. Wiehe, 1996

Encyclopedia of Victimology and Crime Prevention Bonnie S. Fisher, Steven P. Lab, 2010-02-02 Victimology and crime prevention are growing, interrelated areas cutting across several disciplines. Victimology examines victims of all sorts of criminal activity, from domestic abuse, to street violence, to victims in the workplace who lose jobs and pensions due to malfeasance by corporate executives. Crime prevention is an important companion to victimology because it offers insight and techniques to prevent situations that lead to crime and attempts to offer ideas and means for mitigating or minimizing the potential for victimization. In many ways, the two fields have developed along parallel yet separate paths, and the literature on both has been scattered across disciplines as varied as sociology, law and criminology, public health and medicine, political science and public policy, economics, psychology and human services, and more. The Encyclopedia of

Victimology and Crime Prevention provides a comprehensive reference work bringing together such dispersed knowledge as it outlines and discusses the status of victims within the criminal justice system and topics of deterring and preventing victimization in the first place and responding to victims' needs. Two volumes containing approximately 375 signed entries provide users with the most authoritative and comprehensive reference resource available on victimology and crime prevention, both in terms of breadth and depth of coverage. In addition to standard entries, leading scholars in the field have contributed Anchor Essays that, in broad strokes, provide starting points for investigating the more salient victimology and crime prevention topics. A representative sampling of general topic areas covered includes: interpersonal and domestic violence, child maltreatment, and elder abuse; street violence; hate crimes and terrorism; treatment of victims by the media, courts, police, and politicians; community response to crime victims; physical design for crime prevention; victims of nonviolent crimes; deterrence and prevention; helping and counseling crime victims; international and comparative perspectives, and more.

Childhood Experiences of Sibling Abuse Brittany Forrester, 2020-02-20 Sibling abuse is the physical, emotional or sexual abuse of one sibling by another. The physical abuse can range from more mild forms of aggression between siblings, such as pushing and shoving, to very violent behavior such as using weapons. Often parents don't see the abuse for what it is. As a rule, parents and society expect fights and aggression among siblings. Because of this, parents often don't see sibling abuse as a problem until serious harm occurs. Besides the direct dangers of sibling abuse, the abuse can cause all kinds of long-term problems into adulthood. As various forms of interpersonal family violence receive more attention in the literature, sibling abuse is still in the background. Despite the increasing knowledge about the prevalence, causes, and effects of sibling abuse, many of us continue to relegate it to a childhood occurrence. Sibling abuse symptoms continue to go unrecognized and its demoralizing effects continue to be ignored. Minimization and denial of sibling abuse have also contributed to constraining the extent of knowledge related to this phenomenon. The present book seeks to add to the existing research confirming the existence of sibling victimization and its long-term impacts. This book has two primary purposes: 1) to capture the beliefs, feelings, and firsthand account of the abusive sibling experiences from the perspective of victims, and 2) to investigate the potential learned responses associated with sibling abuse and their possible impact on adult relationships by exploring participants' emotional and relational histories, and belief systems. Data suggests the long-term impacts of learned responses associated with sibling abuse can be detrimental to both interpersonal relationships and mental health. Emergent themes related to family functioning and environment and resiliency after abuse are also presented.

Selected Resources on Sibling Abuse Billie H. Frazier, 1994

Childhood Sexual Abuse Karen L. Kinnear, 1995-11 A comprehensive overview of recent research into the causes, prevalence, and prevention of childhood sexual abuse.

Intimate Violence in Families Richard J. Gelles, 1997-01-15 Praise for the Second Edition: A must read for anyone working in the broad field of mental health. It is a most comprehensive, scholarly, and up-to-date presentation of the issues involved in this difficult but increasingly important field. The author's . . . scholarly comments enable the reader to come to a clear, definitive opinion about the real facts in this emotion-laden area. . . . Well written and quite readable. --Nathan B. Epstein, M.D., Psychiatrist-in-Chief, St. Luke's Hospital, New Bedford, Massachusetts Serves as an excellent guide to introduce the reader to the broad range of family problems associated with family violence. It does a good job of showing how devastating and tragic family violence really is, as well as showing the emotional and physical trauma suffered by the victims. --Family Violence Bulletin Winner of the American Journal of Nursing 1990 Book of the Year Award in its second edition, *Intimate Violence in Families* has been thoroughly revised and updated in its third edition. Drawing on the latest research, this book dismantles many of the conventional myths hindering our understanding of family violence. Through an exploration of some of the major controversies in the field, Richard Gelles discusses various theories of intimate violence and the contributing social factors. This third edition includes a substantial expansion of material on hidden victims of familial violence-siblings, parents, and the elderly-as well as an examination of violence between gay and lesbian couples. While the first two editions of *Intimate Violence in Families* focused on physical abuse, here Gelles also explores neglect and emotional and psychological abuse, offering a much broader look at the full spectrum of familial abuse. Breaking important new ground, Gelles carefully examines what we know about intervention and treatment program effectiveness, with special attention to intensive family preservation programs and men's treatment programs. A major text for use in coursework on interpersonal violence, family violence, psychology, counseling, social work, and special issues in gender studies and sociology, *Intimate Violence in Families*, Third Edition will also provide essential information to professionals working in those areas.

Working with Survivors of Sibling Sexual Abuse Christiane Sanderson, 2024-02-21 Sibling sexual abuse is considered to be one of the most common forms of child sexual abuse within the family setting, yet it is often ignored, downplayed or denied in spite of the impact on survivors. Shining a spotlight on the hidden phenomenon, Christiane Sanderson provides a rigorous account of the nature and dynamics of sibling sexual abuse. She provides a clear explanation of the difference between developmentally appropriate, consensual sexual exploration and developmentally inappropriate, non-consensual sexual behaviour. The focus is on how these behaviours impact the sibling being harmed, the sibling who is harming, the wider family and adult survivors. This book is essential reading for anyone involved in assessing, supporting, safeguarding or

treating individuals or families impacted by sibling sexual abuse and all those working with adult survivors.

Sexual Abuse By A Sibling Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In todays fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Sexual Abuse By A Sibling PDF books and manuals is the internets largest free library. Hosted online,

this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to

personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Sexual Abuse By A Sibling PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Sexual Abuse By A Sibling free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Sexual Abuse By A Sibling Books

1. Where can I buy Sexual Abuse By A Sibling books?
Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
