Moon Over Fausto's an Anonymous Boomer and His Lady,2022-07-20 Moon Over Fausto's: A Short Fat Novel of Manners in the Land of Oz By: an Anonymous Boomer and His Lady Moon Over Fausto's compiles the romantic recollections of an unnamed boomer, culminating in a collection that stands as a testament to a true and undistracted love that has endured the test of time even after his wife's passing. Each tale is colored with the character of the solecisms, neologisms, and cliches specific to the boomer. In the end, Moon Over Fausto's documents the thought processes and character of a member of the generation once coined flower children and presents the earnestness, contradictions, flaws, humor, and coyness that inhabit members of that generation. Readers will walk away understanding that each one of us contains multitudes.

The Formation of a National Audience in Italy, 1750-1890 Gabriella Romani,Jennifer Burns,2017-06-06 The late eighteenth and the nineteenth centuries witness significant advancement in the production and, crucially, the consumption of

culture in Italy. During the long process towards and beyond Italy becoming a nation-state in 1861, new modes of writing and performing – the novel, the self-help manual, theatrical improvisation – develop in response to new practices and technologies of production and distribution. Key to the emergence of an inclusive national audience in Italy is, however, the audience itself. A wide and varied body of consumers of culture, animated by the notion of an Italian national cultural identity, create in this period an increasingly complex demand for different cultural products. This body is energized by the wider access to education and to the Italian language brought about by educational reforms, by growing urbanization, by enhanced social mobility, and by transcultural connections across European borders. This book investigates this process, analyzing the ways in which authors, composers, publishers, performers, journalists, and editors engage with the anxieties and aspirations of their diverse audiences. Fourteen essays by specialists in the field, exploring individual contexts and cases, demonstrate how interests related to gender, social class, cultural background and practices of reading and spectatorship, exert determining influence upon the production of culture in this period. They describe how women, men, and children from across the social and regional strata of the emerging nation contribute incrementally but actively to the idea and the growing reality of an Italian national cultural life. They show that from newspapers to salon performances, from letters to treatises in social science, from popular novels to literary criticism, from philosophical discussions to opera theaters, there is evidence in Italy in this period of unprecedented participation, crossing academic and popular cultures, in the formation of a national audience in Italy. This cultural transformation later produces the mass culture in Italy which underpins the major movements of the twentieth century and which undergoes new challenges and reformulations in the Italy we know today.

Culture and Diplomacy Reinhard Eisendle, Suna Suner, Hans Ernst Weidinger, 2023-12-22 Diplomats had multiple tasks: not only negotiating with the representatives of other states, but also mediating culture and knowledge, and not least elaborating reports on their observations of politics, society, and culture. Culture, according to the studies featured in this book, is defined as a complex sphere including aspects like systems of communication, literature, music, arts, education, and the creation of knowledge. This edition containing contributions from six conferences held in Vienna and Istanbul by the Don Juan Archiv Wien focuses on the complex diplomatic and cultural relations between the Ottoman Empire and Europe from the time of the early embassies to Istanbul up to Tanzimat.

Investigating Italy's Past through Historical Crime Fiction, Films, and TV Series Barbara Pezzotti, 2016-09-11 This book is the first monograph in English that comprehensively examines the ways in which Italian historical crime novels, TV series, and films have become a means to intervene in the social and political changes of the country. This study explores the ways in which fictional representations of the past mirror contemporaneous anxieties within Italian society in the work of writers such as Leonardo Sciascia, Andrea Camilleri, Carlo Lucarelli, Francesco Guccini, Lorian Macchiavelli, Marcello Fois, Maurizio De Giovanni, and Giancarlo De Cataldo; film directors such as Elio Petri, Pietro Germi, Michele Placido, and

Damiano Damiani; and TV series such as the “Commissario De Luca” series, the “Commissario Nardone” series, and “Romanzo criminale-The series.” Providing the most wide-ranging examination of this sub-genre in Italy, Barbara Pezzotti places works set in the Risorgimento, WWII, and the Years of Lead in the larger social and political context of contemporary Italy.

Un mondo diverso e identico Joseph Hall,1985

The Civic Muse Frank A. D'Accone,2007-12-01 Siena, blessed with neither the aristocratic nor the ecclesiastical patronage enjoyed by music in other northern Italian centers like Florence, nevertheless attracted first-rate composers and performers from all over Europe. As Frank A. D'Accone shows in this scrupulously documented study, policies developed by the town to favor the common good formed the basis of Siena's ambitious musical programs. Based on decades of research in the town's archives, D'Accone's *The Civic Muse* brilliantly illuminates both the sacred and the secular aspects of more than three centuries of music and music-making in Siena. After detailing the history of music and liturgy at Siena's famous cathedral and of civic music at the Palazzo Pubblico, D'Accone describes the crucial role that music played in the daily life of the town, from public festivities for foreign dignitaries to private musical instruction. Putting Siena squarely on the Renaissance musical map, D'Accone's monumental study will interest both musicologists and historians of the Italian Renaissance.
