Quotes by Anais Nin Lilith Regan, 2020-03-19 And the day came when the risk to remain tight in a bud was more painful than the risk it took to blossom. We don't see things as they are, we see them as we are. Life shrinks or expands in proportion to one's courage. We write to taste life twice, in the moment and in retrospect. Each friend represents a world in us, a world possibly not born until they arrive, and it is only by this meeting that a new world is born. Do not seek the because - in love there is no because, no reason, no explanation, no solutions. We travel, some of us forever, to seek other states, other lives, other souls. The role of a writer is not to say what we all can say, but what we are unable to say. You cannot save people, you can only love them. People living deeply have no fear of death.

Deliberately Simple Life Quotes Dr. Stephen Zemanek, 2013-06-19 Life can become complex and challenging for all of us. If we are not consciously working towards expanding our thinking we will slide into a tiny life with few options. One of the best ways we can expand our view on life is by considering the thoughts of others. At times the thoughts of others will be proven wrong. At times the thoughts of others will prove themselves to be exceedingly insightful. Regardless of the conclusion we reach about another's view our lives become bigger simply by the act of considering them. Thoughts, ideas, concepts, and humor develop us into the person we are becoming. A world without keen or witty thoughts is drab and empty. This book is designed to take you through each day of the year with a new thought to consider. Some of these thoughts you will love and others you will disagree with. However, as you read through this book you will discover new ideas to consider each day.

Y in the Workplace Nicole A. Lipkin, April J. Perrymore, 2009-07-15 Flip-flops, iPods, MySpace, Dude, Instant Messaging. Whatever happened to dress shoes, sir/ma'am, in-person meetings, and traditional work etiquette? A workplace revolution is underway, one that is stimulating new methods of thinking, behaving, communicating, and doing business as Generation Y continues to infiltrate the workplace and influence corporate culture. This revolution is lead by approximately 60 million Gen Yers, the largest bloc to hit the workforce since the 72 million baby boomers. Company owners and managers are worried, because this generation has created its own unique culture...and demands. Y in the Workplace illustrates how the values, attitudes, and expectations of Generation Y have had an impact on corporate environments, intergenerational functioning, and management strategies. To help this generation successfully transition into the workplace while creating a shared vision, authors Lipkin and Perrymore provide you, the manager, with the following: Psychological insight into the character of this generation. Strengths and challenges that Generation Y is bringing to the workplace. Coaching strategies and ways to

harness their strengths, minimize their weaknesses, and illuminate their talents. Hope about their abilities as supervisors and managers, and about their positive impact on the future of your company Whether you are a small business owner, manager, HR professional, or teacher working with Generation Y, this book is a must-read to gain insight into why this generation is the way it is, how to help them become the best they can be, and how to integrate them into your company and work with them.

Hope Has a Cold Nose Christine Hassing, 2020-09-28 “To have a service dog like Able should be the medication any soldier is prescribed who has gone out and had trauma of some kind.” In *Hope Has a Cold Nose*, Christine Hassing relays true stories of military veterans and others who rose from the ashes of PTSD and MST with the help of their service dogs. Devoting every chapter to a different human-canine pair, Hassing shares the story of each person with PTSD and their service dog with pathos and creativity. These powerful stories, part testimonial, part author’s interpretation using rhythm and rhyme, bring important insights about how service dogs help people with PTSD and MST in countless ways. From sensing a nightmare and waking a veteran before terror takes hold, to placing a comforting paw on someone’s shoulder to ward off a panic attack, these dogs play a key role in helping those who’ve lived through trauma reintegrate into society. Lovingly written, *Hope Has a Cold Nose* is a unique and compelling collection of survivors’ stories for dog lovers of all kinds, for those who’ve experienced PTSD and their loved ones, and for those interested in how service dogs can help people heal from the deepest emotional wounds.

Creativity Ry Stan Lai, 2025-09-16 Asia’s legendary playwright- director Stan Lai has written one of the unique works of our time, explaining that the mysterious act of creativity is actually a traceable function of mind, and there is a path to learn creativity through un-learning many of our habits picked up in life. His special map, as well as tailor-made exercises, lays out an awe-inspiring yet practical guide from a lifetime of creative work, revered in Asia by artists and business leaders alike. Through his extensive experience, the greatest living Asian playwright shows us how to cultivate a ‘creative app’ that works within us. Matthieu Ricard says: “Stan Lai teaches us, how to see and how to do.” Praised by Jack Ma, Ang Lee and other luminaries, this book is a rewrite by the author of his book that is the most prominent work on creativity in China, having sold over 700,000 copies. Robert Wilson calls the work “foundational support for arts and culture.” Stan Lai is uniquely qualified to write on creativity, because he not only has four decades of creative experience, widely acclaimed as the greatest playwright in the Chinese language, but is also a dedicated educator. Shannon Jackson calls the work “A must-read from an internationally renowned artist.” Can creativity be taught? Most of the books and training in this area deal with skills for jumpstarting alternative thinking, brainstorming and other exercises, but do not deal with creativity itself. They don’t tackle the obvious question: What is creativity and how can I get it? As one of the world's leading artists, Lai explains that the reason we don’t think creativity can be taught is that we don’t really understand what happens in the mysterious process. By

slowing down the moment of inspiration, Lai lets us see exactly the elements involved in this complex process that lasts only an instant. Then he shows you how to prepare for this moment, through his unique Map of Creativity. This is a whole path of training in creativity, which he explains clearly and humour and compassion, and tailor-made exercises. Travis Preston says “Stan Lai guides us to the center of the creative moment and the ultimate unity of the spiritual and physical worlds.” Creativity is a milestone in understanding and learning the creative act. Born in America, raised in Taiwan, with a career spanning the Chinese diaspora, Lai believes that we are all born creative, but the source to creativity has been blocked, by life. How to take down the barriers that are blocking the source from us is a task of un-learning many things that have become habits and put us into a so-called non-creative mode. Taking his cue from his Buddhist training that wisdom and method are both needed for success in any endeavour, he explains how ‘wisdom’ has mysteriously vanished from education systems all over. Most teaching in creativity focuses on method, which one learns in one’s art. But we need another type of training, more urgently, the training for wisdom, which can only happen in the domain of life. To do, you must first be. To discover your creativity, you must first discover yourself. Octavian Saiu says, “This book is not a manual, but a statement of belief, an enduring message about how each of us can go beyond our limits.”

Jose Marti Daniel Coenn,2014-05-23 This book is a collection of 91 fundamental quotes and aphorisms of Jose Marti: Others go to bed with their mistresses; I with my ideas. A selfish man is a thief. Peoples are made of hate and of love, and more of hate than love. But love, like the sun that it is, sets afire and melts everything. Liberty is the essence of life. Whatever is done without it is imperfect. Life on earth is a hand-to-hand mortal combat... between the law of love and the law of hate.

Plato Daniel Coenn,2014-05-08 This book is a collection of 225 fundamental quotes and aphorisms of Plato: I am the wisest man alive, for I know one thing, and that is that I know nothing. Ideas are the source of all things If women are expected to do the same work as men, we must teach them the same things. Ignorance is the root and stem of every evil. I'm trying to think, don't confuse me with facts. Knowledge is the food of the soul. Love is a madness produced by an unclassifiable rational desire to understand the ultimate truth about the world. Love is a serious mental disease. Love is the pursuit of the whole. Not exact, but: the two most important questions are; who will teach the children? What they teach them? Only the dead have seen the end of war. The greatest wealth is to live content with little. The price of apathy towards public affairs is to be ruled by evil men. There are three classes of men; lovers of wisdom, lovers of honor, and lovers of gain. Those who tell the stories rule society.

Schopenhauer Daniel Coenn,2014-05-08 This book is a collection of 172 fundamental quotes and aphorisms of Arthur Schopenhauer: Life without pain has no meaning. The world is my idea. Truth is most beautiful undraped. Truth is no prostitute that throws herself away upon those who do not desire her; she is rather so coy a beauty that he who sacrifices

everything to her cannot even then be sure of her favor. Each day is a little life. After your death, you will be what you were before your birth. Science is not a taxi-cab that we can get in and out of whenever we like. We can regard our life as a uselessly disturbing episode in the blissful repose of nothingness.

Frederick Douglass Daniel Coenn, 2014-05-08 This book is a collection of 65 fundamental quotes and aphorisms of Frederick Douglass: Freedom is a road seldom traveled by the multitude. I prefer to be true to myself, even at the hazard of incurring the ridicule of others, rather than to be false, and to incur my own abhorrence. I would unite with anybody to do right and with nobody to do wrong. The silver trump of freedom roused in my soul eternal wakefulness. The songs of the slave represent the sorrows of his heart The soul that is within me no man can degrade. The destiny of the colored American ... is the destiny of America.
