A Bright Room Called Day Tony Kushner, 1994

Contemporary American Playwrights C. W. E. Bigsby, 1999 Christopher Bigsby explores the works and influences of ten contemporary American playwrights: John Guare (*House of Blue Leaves*), Tina Howe (*Museum and Approaching Zanzibar*), Pulitzer Prize and Tony award winner Tony Kushner (*Angels in America*), Emily Mann (*Annulla: An Autobiography and Having Our Say*), Richard Nelson (*An American Comedy*), Marsha Norman (*The Secret Garden*), David Rabe (*In the Boom Boom Room*), Pulitzer Prize winner Paula Vogel (*Desdemona: A Play about a Handkerchief*), Wendy Wasserstein (*The Sisters Rosenzweig*), and Pulitzer Prize winner Lanford Wilson (*Talley's Folly*). Bigsby examines, in some detail, the developing careers of some of America's most fascinating and original dramatic talent. In addition to well-known works, Bigsby discusses some of the latest plays to reach the stage. This lively and accessible book, by one of the leading writers on American theatre, will be of interest to students, scholars and general theatre-goers alike.

Understanding Tony Kushner James Fisher, 2008 He concludes with a reading of the teleplay of *Angels in America* and the screenplays for *Munich* and the forthcoming film *Lincoln*, both directed by Steven Spielberg, exploring how Kushner moves his themes from stage to screen.

The Theater of Tony Kushner James Fisher, 2013-09-05 The Theater of Tony Kushner is a comprehensive portrait of the life and work of one of America's most important contemporary playwrights.

Tony Kushner in Conversation Tony Kushner, 1998 The premier American playwright of this decade speaks out about art, sexuality, and social justice

The Playwright's Muse Joan Herrington, 2013-05-13 August Wilson penned his first play after seeing a man shot to death. Horton Foote began writing plays to create parts for himself as an actor. Edward Albee faced commercial pressures to modify his scripts-and resisted. After *Wit*, Margaret Edson swore off playwriting altogether and decided to keep her day job as a kindergarten teacher, instead. The Playwright's Muse presents never-before-published interviews with some of the greatest names of American drama-all recent winners of the Pulitzer Prize. In these scintillating exchanges with eleven leading dramatists, we learn about their inspirations and begin to grasp how the creative process works in the mind of a writer. We learn how their first plays took shape, how it felt to read their first reviews, and what keeps them writing for

theater today. Introductory essays on each playwright's life and work, written by theater artists and scholars with strong professional relationships to their subjects, provide additional insight into the writers' contributions to contemporary theater.

The Oxford Encyclopedia of American Literature Jay Parini, 2004 The Encyclopedia of American Literature gathers together 350 essays from over 190 leading scholars on the whole of American literature, from European discovery to the present. At the core of the Encyclopedia lie 250 essays on poets, playwrights, essayists, and novelists. Figures such as Whitman, Melville, Faulkner, Frost, and Morrison are discussed in detail with each examined in the context of his or her times, an assessment of the writer's current reputation, a bibliography of major works, and a list of major critical and biographical works about the writer. Fifty entries on major works such as Moby Dick, Song of Myself, Walden, The Great Gatsby, The Waste Land, Their Eyes Were Watching God, Death of a Salesman, and Beloved place the work in its historical context and offer a range of possibilities with regard to critical approach. The Encyclopedia also contains essays on literary movements, periods, and themes, pulling together a broad range of information and making connections between them. Each entry has its own primary and annotated secondary bibliography, and a system of cross-references helps readers locate information with ease. The Encyclopedia of American Literature is an outstanding reference source for students studying authors, or particular pieces of literature; libraries looking for one comprehensive source; and readers interested in American literature, its authors, and its connection with various areas of study.
