**The Poems of Emily Dickinson** Emily Dickinson, 2012-12-28 Although Dickinson was a prolific private poet, fewer than a dozen of her nearly eighteen hundred poems were published during her lifetime. The work that was published during her lifetime was usually altered significantly by the publishers to fit the conventional poetic rules of the time. Although most of her acquaintances were probably aware of Dickinson's writing, it was not until after her death in 1886-- when Lavinia, Emily's younger sister, discovered her cache of poems-- that the breadth of Dickinson's work became apparent.

After eleven years as an American living in London, the renowned travel writer Paul Theroux set out to travel clockwise around the coast of Great Britain to find out what the British were really like. The result is this perceptive, hilarious record of the journey. Whether in Cornwall or Wales, Ulster or Scotland, the people he encountered along the way revealed far more of themselves than they perhaps intended to display to a stranger. Tomorrow, Emma's uncle is coming to take her to his house on Long Island while her father undergoes surgery and her mother stays with him in hospital. For two whole weeks, Emma will be stuck with her father's half-sister: the strange, bossy Aunt Bea. Luckily, Emma makes a friend at the beach, Bertie, and the two girls begin building a village made entirely of shells. There's the mayor's house, constructed of sand dollars and with a roof of pinecones, and the main street with white bubble shells. Every day the girls add to their village by the sea. Then, just before Emma is to return home, something awful happens. In this thoughtful novel, Newbery Medal and Hans Christian Andersen Award winner Paula Fox offers an unflinching and candid depiction of forgiveness and unconditional love.

*Faded Glamour by the Sea* Pearl Lowe, 2022-04-12 Fulfilling a lifetime dream of finding a house by the sea, Pearl Lowe now brings her laid-back decorating style to coastal living with *Faded Glamour by the Sea*. Pearl Lowe's gloriously decadent yet perfectly lived-in decorating style was featured in her bestselling interiors book *Faded Glamour*. Now Pearl is taking us to

the coast, and in *Faded Glamour by the Sea* we get the first glimpse of her new home – a beautiful renovation project that she and her husband, musician Danny Goffey, have created in East Sussex. Built in the 1940s for an artist whose shell sculptures are still dotted round the garden, the house and adjacent cabins have been lovingly restored by Pearl. The house may have been a life-long dream for the couple, who have always loved the solace of water, but it has only been just over a year in the making, thanks to the inspiration Pearl has drawn from many friends who live in the area and also further afield. And so she takes us on a tour of their seaside homes. A pair of antique dealers whose love of all things French inspired them to set up their own brocante in Kent; an artist with a love of beach huts; an author who swapped London life for a clifftop house with his own writer's hut. Add to this the Malibu beachfront home of stylist Rachel Ashwell, the hippy-chic style of supermodel Helena Christensen's waterside retreat and the 'punk noir Victorian' vibe of the hotel created by friends from rock band The Libertines. In *Faded Glamour by the Sea* Pearl visits these properties, and as the owners tell their stories she explains how she found inspiration for this new chapter in her life.

*Modernity at Sea* Cesare Casarino, 2002 At once a literary-philosophical meditation on the question of modernity and a manifesto for a new form of literary criticism, *Modernity at Sea* argues that the nineteenth-century sea narrative played a crucial role in the emergence of a theory of modernity as permanent crisis. In a series of close readings of such works as Herman Melville's *White-Jacket* and *Moby Dick*, Joseph Conrad's *The Nigger of the Narcissus* and *The Secret Sharer*, and Karl Marx's *Grundrisse*, Cesare Casarino draws upon the thought of twentieth-century figures including Giorgio Agamben, Louis Althusser, Walter Benjamin, Leo Bersani, Gilles Deleuze, Félix Guattari, and Antonio Negri to characterize the nineteenth-century ship narrative as the epitome of Michel Foucault's 'heterotopia'-a special type of space that simultaneously represents, inverts, and contests all other spaces in culture. Elaborating Foucault's claim that the ship has been the heterotopia par excellence of Western civilization since the Renaissance, Casarino goes on to argue that the nineteenth-century sea narrative froze the world of the ship just before its disappearance-thereby capturing at once its apogee and its end, and producing the ship as the matrix of modernity.

*Audubon at Sea* Christoph Irmscher, Richard J. King, 2024-05-31 This one-of-a-kind, lavishly illustrated anthology celebrates Audubon's connection to the sea through both his words and art. The American naturalist John James Audubon (1785–1851) is widely remembered for his iconic paintings of American birdlife. But as this anthology makes clear, Audubon was also a brilliant writer—and his keen gaze took in far more than creatures of the sky. Culled from his published and unpublished writings, *Audubon at Sea* explores Audubon's diverse observations of the ocean, the coast, and their human and animal inhabitants. With Audubon expert Christoph Irmscher and scholar of the sea Richard J. King as our guides, we set sail from the humid expanses of the American South to the shores of England and the chilly landscapes of the Canadian North. We learn not only about the diversity of sea life Audubon documented—birds, sharks, fish, and whales—but also about life

aboard ship, travel in early America, Audubon's work habits, and the origins of beloved paintings. As we face an unfathomable loss of seabirds today, Audubon's warnings about the fragility of birdlife in his time are prescient and newly relevant. Charting the course of Audubon's life and work, from his birth in Haiti to his death in New York City, Irmscher and King's sweeping introduction and carefully drawn commentary confront the challenges Audubon's legacy poses for us today, including his participation in American slavery and the thousands of birds he killed for his art. Rounded out by hundreds of historical and ornithological notes and beautiful illustrations, and with a foreword by distinguished photographer and conservationist Subhankar Banerjee, *Audubon at Sea* is the most comprehensively annotated collection of Audubon's work ever published.
