Wilma's Way Home Doreen Rappaport, 2019-02-04 This powerfully illustrated picture book biography tells the courageous life story of Wilma Mankiller, the first female chief of the Cherokee Nation. As a child in Oklahoma, Wilma Mankiller experienced the Cherokee practice of Gadugi, helping each other, even when times were hard for everyone. But in 1956, the federal government uprooted her family and moved them to California, wrenching them from their home, friends, and traditions. Separated from her community and everything she knew, Wilma felt utterly lost until she found refuge in the Indian Center in San Francisco. There, she worked to build and develop the local Native community and championed Native political activists. She took her two children to visit tribal communities in the state, and as she introduced them to the traditions of their heritage, she felt a longing for home. Returning to Oklahoma with her daughters, Wilma took part in Cherokee government. Despite many obstacles, from resistance to female leadership to a life-threatening accident, Wilma's courageous dedication to serving her people led to her election as the first female chief of the Cherokee Nation. As leader and advocate, she reinvigorated her constituency by empowering them to identify and solve community problems. This beautiful addition to the Big Words series will inspire future leaders to persevere in empathy and thoughtful problem-solving, reaching beyond themselves to help those around them. Moving prose by award-winning author Doreen Rappaport is interwoven with Wilma's own words in this expertly researched biography, illustrated with warmth and vivacity by Linda Kukuk. Don't miss these other titles in the Big Words series! *Ellen Takes Flight: The Life of Astronaut Ellen Ochoa* *Ruth Objects: The Life of Ruth Bader Ginsburg* *Helen's Big World: The Life of Helen Keller* *Abe's Honest Words: The Life of Abraham Lincoln* *Martin's Big Words: The Life of Dr. Martin Luther King, Jr.*

American Heroes Martin Feess, 2018-06-21 America is a work in progress. We celebrate the heroes of the past, not for their glory but for their inspiration, with the firm belief that any individual in America can do anything if he or she has the talent and the determination. No one is limited by class, gender, birth, or skin color. While important American leaders have included Washington, Jefferson, Madison, and Lincoln, they have also included Booker T. Washington and W. E. B. Du Bois, Dorothea Dix, Eleanor Roosevelt, and Martin Luther King Jr. We celebrate the courage of Daniel Inouye, Jackie Robinson, Tecumseh, Muhammad Ali, and Ida Wells. We celebrate the humanity of Will Rogers, Jane Addams, Oprah Winfrey, and Bill and Melinda Gates. We are inspired by the achievements of Andrew Carnegie, Wilma Mankiller, Gloria Steinem, Duke Ellington, and Steven Spielberg, along with the dedicated public service of Thurgood Marshall, Margaret Sanger, Jaime

Escalante, Elizabeth Cady Stanton, and Cesar Chavez. In *American Heroes*, Martin Feess allows these and other American heroes to speak for themselves in their deeds and their own words.

Women Artists of the American West Susan R. Ressler, 2003 Profiles more than 150 women artists of the nineteenth and twentieth centuries from the American West, offers fifteen interpretive essays, and includes nearly three hundred reproductions of their works.

Escape to Prison Michael Welch, 2015-05-01 The resurrection of former prisons as museums has caught the attention of tourists along with scholars interested in studying what is known as dark tourism. Unsurprisingly, due to their grim subject matter, prison museums tend to invert the Disneyland experience, becoming the antithesis of the happiest place on earth. In *Escape to Prison*, the culmination of years of international research, noted criminologist Michael Welch explores ten prison museums on six continents, examining the complex interplay between culture and punishment. From Alcatraz to the Argentine Penitentiary, museums constructed on the former locations of surveillance, torture, colonial control, and even rehabilitation tell unique tales about the economic, political, religious, and scientific roots of each site's historical relationship to punishment.

Quotes for Nasty Women Linda Picone, 2017-09-05 Nasty women, unite—and read this compendium of fascinating quotations about powerful women through history. “My passions were all gathered together like fingers that made a fist. Drive is considered aggression today. I knew it then as purpose.” —Bette Davis When Donald Trump referred to Hillary Clinton as “such a nasty woman” during the last presidential debate in 2016, women everywhere felt a jolt of recognition—whatever their politics or feelings about Clinton. In response, they promptly turned his insult into an empowering slogan. This book celebrates the now-ironic phrase with a collection of quotations by and about strong women, both critical and positive. The words come from figures in ancient history like Cleopatra; founding mothers like Mary Wollstonecraft and Elizabeth Cady Stanton; feminist icons such as Gloria Steinem and Betty Friedan; politicians and government leaders; groundbreakers in arts and culture; celebrities; and the mothers, daughters, and sisters at home.

Fight Like a Girl Laura Barcella, 2019-08-01 Nearly every day there's another news story or pop cultural anecdote related to feminism and women's rights. #YesAllWomen, conversations around consent, equal pay, access to contraception, and a host of other issues are foremost topics of conversation in American (and worldwide) media right now. Today's teens are encountering these issues from a different perspective than any generation has had before, but what's often missing from the current discussion is an understanding of how we've gotten to this place. *Fight Like a Girl* will familiarize readers with the history of feminist activism, in an effort to celebrate those who paved the way and draw attention to those who are working hard to further the cause of women's rights. Profiles of both famous and lesser-known feminists will be featured alongside descriptions of how their actions affected the overall feminist cause, and unique portraits (artist's renderings) of the

feminists themselves. This artistic addition will take the book beyond simply an informational text, and make it a treasure of a book.

Battleground States Michael Mooradian Lupro, Stephen Swanson, 2009-10-02 Stemming from an interdisciplinary conference sponsored by Culture Club: The Cultural Studies Scholars' Association that included scholars from various disciplines and from around the world, this volume collects the work of graduate students and junior faculty which all examine the meaning of cultural scholarship in an ever-changing and increasingly global milieu. These voices, which often become marginalized and go unheard, represent what we see as the futures of interdisciplinary academic work in the humanities. The conference and this book are opportunities for scholars of diverse backgrounds and disciplines to come together and engage in a real dialogue with one another. Bringing disparate thoughts on politics, film, television, history, policy, and literature together counters the pressures pushing individuals to take political, religious, scholarly, and ideological sides. Through the efforts represented here, we gain a distanced, yet engaged, view on the many threads that bind us together and the forces that seek to separate us. Looking at this volume, the reader encounters many different approaches, from critical analysis of individual texts to autoethnography. The contributors and compilers of this book do not place these in separate sections or in any hierarchy but rather wish that all of these appear on an equally vital level that displays the ways in which each of the subjects and approaches might open up a piece of culture in a way that draws attention to the connections between them all.

Practicing Psychotherapy in Constructed Reality Stephen Bacon, 2018-04-26 In *Practicing Psychotherapy in Constructed Reality: Ritual, Charisma, and Enhanced Client Outcomes*, Stephen Bacon charts a radical and provocative new direction forward for psychotherapy. Based on the research finding that techniques have no inherent power, and the insights

of constructionism, Bacon explores new ways of understanding therapeutic rituals, therapist charisma, and client-centered therapy. Special emphasis is given to an analysis of the work of master therapists, and all of the concepts are illustrated with numerous clinical examples. Finally, Bacon develops a geography of constructed reality which pragmatically supports deliberate practice and therapist mindfulness.

Life of the Indigenous Mind David Martinez, 2019-01-01 2019 Choice Outstanding Academic Title In *Life of the Indigenous Mind* David Martínez examines the early activism, life, and writings of Vine Deloria Jr. (1933-2005), the most influential indigenous activist and writer of the twentieth century and one of the intellectual architects of the Red Power movement. An experienced activist, administrator, and political analyst, Deloria was motivated to activism and writing by his work as executive director of the National Congress of American Indians, and he came to view discourse on tribal self-determination as the most important objective for making a viable future for tribes. In this work of both intellectual and activist history, Martínez assesses the early life and legacy of Deloria's Red Power Tetralogy, his most powerful and polemical works: *Custer Died for Your Sins* (1969), *We Talk, You Listen* (1970), *God Is Red* (1973), and *Behind the Trail of Broken Treaties* (1974). Deloria's gift for combining sharp political analysis with a cutting sense of humor rattled his adversaries as much as it delighted his growing readership. *Life of the Indigenous Mind* reveals how Deloria's writings addressed Indians and non-Indians alike. It was in the spirit of protest that Deloria famously and infamously confronted the tenets of Christianity, the policies of the Bureau of Indian Affairs, and the theories of anthropology. The concept of tribal self-determination that he initiated both overturned the presumptions of the dominant society, including various Indian experts, and asserted that tribes were entitled to the rights of independent sovereign nations in their relationship with the United States, be it legally, politically, culturally, historically, or religiously.

Sisterhood Is Forever Robin Morgan, 2007-11-01 Thirty years after Robin Morgan's groundbreaking anthology, *Sisterhood Is Powerful* -- named by The American Librarians' Association one of The 100 Most Influential Books of the Twentieth Century -- comes this landmark new collection for the twenty-first century. *Sisterhood Is Forever* -- with over 60 original essays Morgan commissioned from well-known feminist leaders plus energetic Gen X and Y activists -- is a composite mural of the female experience in America: where we've been, where we are, where we're going. The stunning scope of topics ranges from reproductive, health, and environmental issues to workplace inequities and the economics of women's unpaid labor; from globalization to the politics of aging; from cyberspace, violence against women, and electoral politics to spirituality, the law, the media, and academia. The deliberately audacious mix of contributors spans different generations, races, ethnicities, and sexual preferences: CEOs, housewives, rock stars, farmers, scientists, prostituted women, politicians, women in prison, firefighters, disability activists, artists, flight attendants, an army general, an astronaut, an anchorwoman, even a pair of teens who edit a girls' magazine. Each article celebrates the writer's personal voice -- her humor, passion,

anger, and the integrity of her perspective -- while offering the latest data on women's status, political analysis, new how-to tools for activism, and visionary yet practical strategies for the future -- strategies needed now more than ever. Robin Morgan's own contributions are everything her readers expect: prophetic, powerfully argued, unsentimentally lyrical. From her introduction: The book you hold in your hands is a tool for the future -- a future also in your hands. • Edna Acosta-Belén • Carol J.
