The Palliser Novels Anthony Trollope,2022-05-17 Anthony Trollope's The Palliser Novels is a masterful collection that weaves intricate narratives around politics, society, and the personal lives of its characters within the framework of Victorian England. Comprising six interrelated novels, including *Can You Forgive Her?* and *The Prime Minister*, Trollope employs an engaging, third-person omniscient narrative style that seamlessly integrates political themes with character introspection. The novels reflect the complexities of the British class system, the evolving role of women, and the tension between personal ambition and social duty, showcasing Trollope's keen observational skills and his understanding of human motivation. Trollope himself was deeply enmeshed in the world of politics and literature, having served in the Post Office while simultaneously crafting his works. His firsthand experience with the political machinations of the time undoubtedly influenced the portrayal of powerful and flawed characters such as Plantagenet Palliser and Glencora. The author's unique perspective allows him to delve into the ethical dilemmas and societal constraints that shape individual destinies, revealing the deeper currents of human experience. The Palliser Novels is highly recommended for readers seeking a profound exploration of political intrigue and personal relationships set against a richly detailed historical backdrop. Trollope's sharp wit, complex characters, and insightful social commentary make this series an essential read for both literary enthusiasts and historians alike.

The Complete Works George MacDonald,2022-11-13 In The Complete Works, George MacDonald offers an extensive collection of his literary masterpieces, encompassing poetry, novels, and fairy tales that delve into themes of spirituality,

morality, and the power of imagination. MacDonald's writing is characterized by its lyrical prose and deep philosophical underpinnings, often reflecting the influence of Romanticism and early Victorian beliefs. His narratives frequently intertwine the fantastical with the moral, inviting readers to traverse realms where the ethereal meets the tangible, making this collection not just a showcase of his literary talent but a significant exploration of human experience and divine grace. George MacDonald (1824-1905) was not only a novelist but also a fervent theologian whose religious convictions deeply informed his prose. He is often regarded as a precursor to modern fantasy literature, influencing prominent figures such as C.S. Lewis and J.R.R. Tolkien. MacDonald's experiences in the Scottish Highlands and his embrace of Christian Universalism shaped his narrative vision, allowing him to portray both the struggles and redemptive arcs of his characters in profoundly relatable ways. The Complete Works is highly recommended for both the casual reader and the scholarly enthusiast, offering a rich tapestry that reflects the depth of human experience through the lens of divine love and wonder. This collection serves as an essential entry point to understanding the evolution of fantasy literature and the theological paradigms that informed MacDonald's groundbreaking work.

Ill Winds Blowing Across a Troubled Sea Mark M. McMillin, 2022-09-22 In the early 1600's, with Dutch power and prestige on the rise, the Dutch form the world's first publicly-traded corporation whose purpose is to break Portugal's trade monopoly in the Far East. Led by the mysterious and ruthless Gentlemen Seventeen, the Company has its own armies, its own ships and has the power to wage war, annex territory and make laws. In the New World life is better than fair for Mary - until grim misfortune finds her. A freakish wave during a monstrous storm off the coast of Florida sweeps her overboard and she is lost. Mary's plucky, protégé Elizabeth - headstrong, full of Spanish fire and raw ambition, but also very young - assumes command. With prospects dwindling in the West Indies following Mary's death, Elizabeth pledges Mary's ships and men to the Company and agrees to sail to the Spice Islands in the East Indies for nutmeg, mace, cloves and pepper - cargo more valuable than gold. When Elizabeth exceeds her authority and ventures to Portuguese-held Macau, she is introduced to a powerful Chinese merchant named Féng Wú - and to the plentiful opium served liberally at the House of a Thousand Pleasures. When Elizabeth is later betrayed a ship is lost and the crew is slaughtered. As Elizabeth falters Mary, having survived her misfortunes, returns. When Mary learns that the Company has seized her ships and men because of Elizabeth's foolishness, she must agree to sail into war alongside the Dutch to free them. Once she fulfills her obligations to the Company, Mary will sail on to Macau where she will introduce herself to the men who murdered her crew... "... [P]aced like

an adventure movie, filled with sea battles, colorful bit players, and double crosses ... a rousing, sprawling yarn about two indefatigable pirate women." - Kirkus Reviews

But this year is different for this well-respected and busy high school principal who loves her work and lives an active lifestyle. This year, she learns she has breast cancer. The diagnosis places her, her family, and her friends on a roller coaster ride of questions, doubts, and emotions. Strong and independent, Penney finds herself facing the formidable throes of guarded diagnoses, treatment protocol dictates, and misguided concern. Her world teetering, Penney must grasp a newfound courage to discover she is her own best resource, supporter, and advocate. Diagnosed with a rare form of breast cancer, Penney looks deep into her spirit to overcome her mounting terror and build a tenacity that can get her through biopsies, surgery, scans, treatment, her work, and her daily life. In this first installment of three in the Cancer Chronicles, Penney emerges with a stronger sense than ever of who and what she is all about. *Ill Will* is geared toward cancer patients and others suffering from serious illness, their caregivers, both professional and nonprofessional, and by anyone who has ever asked, What should I say and how should I act now that she has cancer?

The Secret Victory Stephen McKenna, 1922 VIGIL Though your wife ran away with a soldier that day, And took with her your trifle of money; Bless your heart, they don't mind-they're exceedingly kind- They don't blame you-as long as you're funny! W. S. Gilbert: *The Family Fool*. Roused by a report of peace hardly less deafening than the crash of war four and a half years earlier, the winter garden of the Majestic hummed like a vast and airless beehive. On the long sofas by the walls, in deferential clusters round some slow-voiced, arm-chair oracle and in wavering groups at one moment distinct and at another herded together, everybody who could find room between the crowded tables and the obtrusive palm-tubs eagerly volleyed question and answer, contributing his pennyworth of gossip and retiring with his pound of rumour.

A Middy of the Slave Squadron: A West African Story Harry Collingwood, 2007-01-01 ÒPhew!Ó ejaculated Mr Perry, first lieutenant of His Britannic MajestyÕs corvette Psyche, as he removed his hat and mopped the perspiration from his streaming forehead with an enormous spotted pocket-handkerchief. ÒI believe itÕs getting hotter instead of cooler; although, by all the laws that are supposed to govern this pestiferous climate, we ought to be close upon the coolest hour of the twenty-four! Just step aft to the skylight, Mr Fortescue, and see what the time is, will ye? It must surely be nearing two bells.Ó ÒAy, ay, sir!Ó I dutifully answered; and, moving aft to the skylight, raised the canvas cover which had been placed over it to mask the light of the low-turned lamp which was kept burning all night in the fore cabin, and glanced at the clock which, screwed to the coaming on one side of the tell-tale compass, balanced the barometer which, hung in gimbals, was suspended on the

other side. The clock marked the time as two minutes to five a.m., or within two minutes of two bells in the morning watch. Dropping the canvas screen back into place, I was about to announce the time to my superior officer, when I thought I caught, through the faint creak of the ship's timbers and the light rustling of the canvas aloft, a slight, far off sound, like the squeak of a sheave on a rusty pin. Therefore, instead of proclaiming the time aloud, I stepped quietly to the side of the first luff, and asked, almost in a whisper—'Did you hear anything just then, sir?'—'Hear anything?' reiterated Mr Perry, unconsciously lowering his usually stentorian voice in response to the suggestion of secrecy conveyed by my whisper; 'No, I can't say that I did. What do you mean, Mr Fortescue?'—'I mean, sir,' I replied, 'that I thought I caught, a moment ago, a sound like that of—' 'Nah! did you hear that, then, sir?' as a voice, uttering some words of command, apparently in the Spanish language, came floating to us, faint but clear, across the invisible water upon which the Psyche lay rolling almost imperceptibly. 'Ay, I did,' answered Mr Perry, modulating his voice still further. 'No mistake about that, eh? There's a craft of some sort out there, less than a mile distant, I should say. Did you catch the words? They sounded to me like some foreign lingo.'—'No, sir,' I replied, 'I did not quite catch them, but, as you say, they appeared to be foreign, and I believe they were Spanish. What about striking two bells, sir? It only wanted two minutes—'—'On no account whatever, Mr Fortescue,' I hastily interrupted my companion. 'On the contrary, have the kindness to slip for—' and caution the watch not to sing out, or make the slightest noise, on any account, but to come quietly aft if they happen to have anything to report. And when you have done that, kindly go down and call Captain Harrison.'—'Ay, ay, sir!' I answered; and, kicking off my shoes, lest the sound of them upon the deck should reach the stranger through that still and breathless atmosphere, I proceeded upon my twofold errand. But it is time to tell the reader where the Psyche was upon this dark and stifling night; what she was doing there; and why the precautions above referred to were deemed necessary. As has already been mentioned, the Psyche was a British man-o-war. She was a sloop, armed with fourteen long 18-pounders; and carried a crew which had originally consisted of one hundred and thirty men, but which had now been reduced by sickness and casualties to one hundred and four, all told. She was a unit in the somewhat scanty Slave Squadron which Great Britain had stationed on the West African coast for the suppression of the infamous slave-trade; and when this story opens—namely, about the middle of the year 1822—had been upon the station nearly two years, during the whole of which period I, Richard Fortescue, hailing from the neighbourhood of the good town of Plymouth, had been on board her, and now held the responsible position of senior midshipman; being, at the above date, just turned seventeen years of age.
