**José Rubén Romero**

A Luis Leal Reader Luis Leal, 2007-09-11 Since his first publication in 1942, Luis Leal has likely done more than any other writer or scholar to foster a critical appreciation of Mexican, Chicano, and Latin American literature and culture. This volume, bringing together a representative selection of Leal's writings from the past sixty years, is at once a wide-ranging introduction to the most influential scholar of Latino literature and a critical history of the field as it emerged and developed through the twentieth century. Instrumental in establishing Mexican literary studies in the United States, Leal's writings on the topic are especially instructive, ranging from essays on the significance of symbolism, culture, and history in early Chicano literature to studies of the more recent use of magical realism and of individual New Mexican, Tejano, and Mexican authors such as Juan Rulfo, Carlos Fuentes, José Montoya, and Mariano Azuela. Clearly and cogently written, these writings bring to bear an encyclopedic knowledge, a deep understanding of history and politics, and an unparalleled command of the aesthetics of storytelling, from folklore to theory. This collection affords readers the opportunity to consider—or reconsider—Latino literature under the deft guidance of its greatest reader.

**Sabine R. Ulibarri** María I. Duke dos Santos, Patricia de la Fuente, Patricia De la Fuente, 1995 Maria Herrera-Sobek, Gene Steven Forrest, Wolfgang Karrer, and Arnulfo G. Ramirez look at various aspects of the short stories. Bruce-Novoa, Patricia de la Fuente, and Santiago Daydi-Tolson discuss the poetry. James J. Champion compares Ulibarri's formal use of language with Latin American and peninsular writers. Francisco A. Lomeli provides one of the first examinations of Ulibarri's essays.

The language of literature McDougal, Littell, 2000 LaserLinks videodisc: Side A (30 min.) contains visual support for the selections and a storyteller's interpretation of one of the selections. Side B (30 min.) contains the writing springboards and the unit introductions. Use with teacher's sourcebook.

*The Magic Horse - El Caballo Magico* Idries Shah, 2015-09-01 The Magic Horse is the story of two brothers, one skilled in all the practical arts, and the other, Prince Tambal, considered by most people to be only a dreamer. Their father, the King, announces a competition to produce interesting and useful devices - the entry produced by a woodcarver appears to be a simple wooden horse - apparently of little value. Prince Tambal discovers, however, that the horse is able to magically transport its rider to whatever place is in the mind of the rider. In this way, Prince Tambal comes to learn a great many things, and eventually, comes to know his heart's desire. The Magic Horse is one of the hundreds of stories collected by Idries Shah from sources in the Middle East and Central Asia. In the Sufi tradition there is a continuum between the children's story, the entertainment or folklore story, and the instructional or instrumental story. A story can help children deal with difficult situations and give them something to hold on to. It can, at the same time, stimulate a deeper understanding in adults. Through the instrumental function of this rich body of oral and written material, we and our children can now learn to develop the capacity to be more flexible and to understand many more things about ourselves and about life. El caballo mAgico es una de las cientos de historias recogidas por Idries Shah. En la tradiciOn sufi hay un continuo entre la historia para niNos, la historia folclOrica y de entretenimiento, y la historia de instrucciOn o instrumental. Un cuento puede ayudar a los niNos a manejar situaciones difciles y darles algo a que atenerse. Puede, al mismo tiempo, estimular una comprensiOn mAs profunda en los adultos. A travEs de la funciOn instrumental de este rico cuerpo de material oral y escrito, nosotros y nuestros hijos podemos ahora aprender a desarrollar la capacidad de ser mAs flexibles y de entender mucho mAs sobre nosotros mismos y sobre la vida.
