Varios autores

Goya Janis Tomlinson, 2020-09-15 The first major English-language biography of Francisco Goya y Lucientes, who ushered in the modern era The life of Francisco Goya (1746-1828) coincided with an age of transformation in Spanish history that brought upheavals in the country's politics and at the court which Goya served, changes in society, the devastation of the Iberian Peninsula in the war against Napoleon, and an ensuing period of political instability. In this revelatory biography, Janis Tomlinson draws on a wide range of documents—including letters, court papers, and a sketchbook used by Goya in the early years of his career—to provide a nuanced portrait of a complex and multifaceted painter and printmaker, whose art is synonymous with compelling images of the people, events, and social revolution that defined his life and era. Tomlinson challenges the popular image of the artist as an isolated figure obsessed with darkness and death, showing how Goya's likeability and ambition contributed to his success at court, and offering new perspectives on his youth, rich family life, extensive travels, and lifelong friendships. She explores the full breadth of his imagery—from scenes inspired by life in Madrid to visions of worlds without reason, from royal portraits to the atrocities of war. She sheds light on the artist's personal trials, including the deaths of six children and the onset of deafness in middle age, but also reconsiders the conventional interpretation of Goya's late years as a period of disillusion, viewing them instead as years of liberated artistic invention, most famously in the murals on the walls of his country house, popularly known as the black paintings. A monumental achievement, *Goya: A Portrait of the Artist* is the definitive biography of an artist whose faith in his art and his genius inspired paintings, drawings, prints, and frescoes that continue to captivate, challenge, and surprise us two centuries later.

Goya Valeriano Bozal, 2015-07-20 Pintor de costumbres, retratista de cortesanos y burgueses, pintor de leyendas, paisajista, pintor de la guerra y la violencia no menos que de la belleza y la felicidad, de la miseria y la elegancia, pintor de las lacras morales y sociales, de la superstición y la razón, nada fue ajeno a Francisco Goya. Lo pintó todo, y lo hizo en dibujos, grabados y pinturas al óleo y al fresco, sobre lienzo, hojalata, directamente sobre el muro, sobre papel, en planchas de cobre, en una evolución que, si se inicia en el marco del tardo- barroco y el rococó, pronto domina un estilo propio, inconfundible. Francisco Goya es un artista central en la historia de nuestra pintura y de nuestra cultura, su influencia es todavía hoy muy grande. El presente libro de Valeriano Bozal, autor de diversas obras especializadas sobre el maestro

aragonés, analiza con sencillez no exenta de rigor sus pinturas, dibujos y grabados, y ofrece un panorama de su vida, en muchos momentos azarosa, en el medio histórico en el que se desarrolló, una época crucial para España y para Europa.

Goya's Graphic Imagination Mark McDonald, Mercedes Cerón-Peña, Francisco J. R. Chaparro, Jesusa Vega, 2021-02-08
This book presents the first focused investigation of Francisco Goya's (1746–1828) graphic output. Spanning six decades, Goya's works on paper reflect the transformation and turmoil of the Enlightenment, the Inquisition, and Spain's years of constitutional government. Two essays, a detailed chronology, and more than 100 featured artworks illuminate the remarkable breadth and power of Goya's drawings and prints, situating the artist within his historical moment. The selected pieces document the various phases and qualities of Goya's graphic work—from his early etchings after Velázquez through print series such as the *Caprichos* and *The Disasters of War* to his late lithographs, *The Bulls of Bordeaux*, and including albums of drawings that reveal the artist's nightmares, dreams, and visions.

The Great Parade Pierre Théberge, Galeries Nationales du Grand Palais (Parijs), National Gallery of Canada, 2004-01-01 A beautiful book that showcases how circus figures and artifacts have been portrayed in art over the past two centuries The circus is a dazzling world filled with acrobats and harlequins, tumblers and riders, monsters and celestial creatures. Now this engaging book sets that world in a new light, examining how painters, sculptors, and photographers from the eighteenth century to the present have used the circus as a springboard for their imaginative expression and have envisioned the clown as a metaphor for the modern artist. The book presents more than 175 works by such artists as Degas, Toulouse-Lautrec, Rouault, Picasso, Chagall, and Léger. Some of these are masterful works shown for the first time; these range from the 18-meter stage curtain Picasso designed in 1917 for Erik Satie's ballet *Parade* to more intimate works such as Nadar and Tournachon's photographs of Pierrot as played by celebrated mime Charles Debureau.

Historia del arte en España Valeriano Bozal, 1995-01-01 En esta Historia Valeriano Bozal logra integrar en una evolución

coherente las expresiones artísticas -pintura, escultura, arquitectura- en relación con la sociedad en que se han desarrollado, ofreciendo un panorama sistemático de las artes de sus comienzos prehistóricos hasta los movimientos más recientes, y donde se abarcan, asimismo, algunas manifestaciones del arte popular.

Los tesoros del Prado Museo del Prado,2023-11-23 EL MUNDO DEL ARTE como nunca lo habías visto. Un viaje inolvidable por el arte más emblemático del Museo del Prado, presentado en un gran formato que invita a saborear cada obra. Una valiosísima obra de referencia para cualquier amante del arte, que ofrece algunas de las claves para comprender mejor el talento excepcional de Velázquez, El Bosco, Clara Peeters, Tiziano y muchos otros artistas. Una edición de lujo con fotografías a todo color que anima a descubrir detalles únicos, como huellas dactilares que se cuelan en las pinturas, autorretratos escondidos en los reflejos de las copas o arrepentimientos que muestran el proceso creativo de diferentes artistas. Descubre los tesoros del Museo Nacional del Prado en una edición única.

La Sierra J. Guillermo Guevara,1929

Una mirada laboralista a la pintura del Prado Varios autores,2020-08-03 Esta obra constituye una aproximación novedosa a los tesoros de nuestra primera pinacoteca. Destacados especialistas en derecho del trabajo (profesionales de la abogacía, docentes universitarios o miembros de la carrera judicial) llevan a cabo un análisis de setenta y cinco obras de los fondos del Prado, desde el cuatrocento italiano hasta la pintura social de finales del siglo XIX, poniendo de relieve los aspectos socio-laborales que habitualmente pasan desapercibidos en una primera aproximación a estas obras maestras. Para cada una de las obras, el comentario expone sus características técnicas, descripción del motivo, estudio del significado y alcance artístico del pintor y su obra y conexión de ésta con las pautas laborales y sociales de la época y con las vigentes en la actualidad. Muchas de las obras incorporadas pertenecen al llamado “Prado disperso”, es decir, en depósito en instituciones provinciales o autonómicas y de difícil acceso para el público. La originalidad de la propuesta es motivo de interés para laboralistas, amantes del arte y aficionados en general, y visualmente el libro permitirá un verdadero goce estético al lector.
