

Heavy Guitar Bible

Reed Reference Publishing, R5ference Reed

The Heavy Guitar Bible Richard Daniels, 1979

The Heavy Guitar Bible, 1979 Presents instructional material on playing blues and rock music on the guitar.

The Heavy Guitar Bible Richard Daniels, 1990-09 inch....this work is likely to become a standard work very quickly and is to be recommended to all schools where recorder studies are undertaken inch. (Oliver James, Contact Magazine) A novel and comprehensive approach to transferring from the C to F instrument. 430 music examples include folk and national songs (some in two parts), country dance tunes and excerpts from the standard treble repertoire of Bach, Barsanti, Corelli, Handel, Telemann, etc. An outstanding feature of the book has proved to be Brian Bonsor's brilliantly simple but highly effective practice circles and recognition squares designed to give, in only a few minutes, concentrated practice on the more usual leaps to and from each new note and instant recognition of random notes. Quickly emulating the outstanding success of the descant tutors, these books are very popular even with those who normally use tutors other than the Enjoy the Recorder series.

The Rough Guide to Guitar Dave Hunter,2011-02-01 The guitar is the most popular instrument in the world, with well over two million sold every year in the US and Europe. Every teenager dreams, at some point, of being a guitar hero, while the number of adults who take up this relaxing and rewarding hobby continues to rise each year. Where do they all begin? Previously, the effort required several different resources-but now it's all here in one place, in *The Rough Guide to Guitar*. Written by Dave Hunter, a one of the world's leading guitar authors, *The Rough Guide to Guitar* covers everything the new player needs to know to get started successfully, and plenty of information that will benefit the novice and experienced guitarist, too. From a thorough analysis of the acoustic and electric instruments and their related equipment, to basic and advanced playing techniques in a range of styles, to the home recording techniques and putting a band together, *The Rough Guide to Guitar* covers it all, in concise and authoritative language that players of all ages and levels can absorb and appreciate.
