**Robert Tyas**

*Flowers from the Storm* Laura Kinsale, 2009-10-13 The Duke of Jervaulx was brilliant and dangerous. Considered dissolute, reckless, and extravagant, he was transparently referred to as the 'D of J' in scandal sheets, where he and his various exploits featured with frequency. But sometimes the most womanising rake can be irresistible, and even his most casual attentions fascinated the sheltered Maddy Timms, quiet daughter of a simple mathematician.

New Approaches to Popular Romance Fiction Sarah S.G. Frantz, Eric Murphy Selinger, 2014-01-10 Despite the prejudices of critics, popular romance fiction remains a complex, dynamic genre. It consistently maintains the largest market share in the American publishing industry, even as it welcomes new subgenres like queer and BDSM romance. Digital publishing originated in erotic romance, and savvy online communities have exploded myths about the genre's readership. Romance scholarship now reflects this diversity, transformed by interdisciplinary scrutiny, new critical approaches, and an unprecedented international dialogue between authors, scholars, and fans. These eighteen essays investigate individual romance novels, authors, and websites, rethink the genre's history, and explore its interplay of convention and originality. By offering new twists in enduring debates, this collection inspires further inquiry into the emerging field of popular romance studies.

Flowers from the Heart, Songs of the Soul Ajit Sripad Rao Nalkur, 2015-10-23 The beauty of nature surrounds us, but its beauty is often wasted as we rush through lives filled with work, family, and other responsibilities. What if we were to slow down for a moment and take a look around? What would we notice; what would we learn? Surely, more than we could have imagined. Poet Ajit Sripad Rao Nalkur admires the wilderness around him, while living in southern India. His words bridge the gap between the human world and the world of nature, where small details speak volumes and inspire peace. He writes not only of nature's majesty but also of our connection to it; a connection we can choose to ignore or embrace. In this collection, an artist seeks and waits for his muse. Little things bring great joy, like a single wildflower or the serene power of silence. Nalkur's words reach beyond the page and into the reader's innermost being, challenging each of us to emotionally connect with nature. These poems remind us all to slow down and admire the miracle that is life on Earth.

**Flowers From The Withering Garden** Trent Chess, 2011-02-04 This book of poetry is from the view of the world through my eyes and no other. I have always looked to the darker nature of life and the souls of men. I have always written

on the thoughts of life and death, as these things are the constant in the lives of men. I began writing poetry shortly after the death of my mother in 1987, but it was not until recent years that I cultivated my work into what it has become today. If I can compel one person to think about what was read then I have achieved something. Most of my poems are ambiguous and will leave their meanings to the mind of the reader.

**Split-Gut Song** Karen Jackson Ford,2015-09-15 A deft study of the evolving literary aesthetic of one of the first avant-garde black writers in America. In *Split-Gut Song*, Karen Jackson Ford looks at what it means to be African American, free, and creative by analyzing Jean Toomer's main body of work, specifically, his groundbreaking creation *Cane*. When first published in 1923, this pivotal work of modernism was widely hailed as inaugurating a truly artistic African American literary tradition. Yet Toomer's experiments in literary form are consistently read in terms of political radicalism—protest and uplift—rather than literary radicalism. Ford contextualizes Toomer's poetry, letters, and essays in the literary culture of his period and, through close readings of the poems, shows how they negotiate formal experimentation (imagism, fragmentation, dialect) and traditional African American forms (slave songs, field hollers, call-and-response sermons, lyric poetry). At the heart of Toomer's work is the paradox that poetry is both the saving grace of African American culture and that poetry cannot survive modernity. This contradiction, Ford argues, structures *Cane*, wherein traditional lyric poetry first flourishes, then falters, then falls silent. The Toomer that Ford discovers in *Split-Gut Song* is a complicated, contradictory poet who brings his vexed experience and ideas of racial identity to both conventional lyric and experimental forms. Although Toomer

has been labelled a political radical, Ford argues that politics is peripheral in his experimental, stream-of-consciousness work. Rather Toomer exhibits a literary radicalism as he struggles to articulate his perplexed understanding of race and art in 20th-century America.
