The Sunday Story Club Doris Brett, Kerry Cue, 2019-06-25 'I'm sorry, I didn't mean to cry. But the salons have given me the opportunity to look back and think about my life...I don't talk to anyone about these feelings outside of the salon.' We all carry stories within us - wrenching, redemptive, extraordinary, and laced with unexpected and hard-won wisdom. These are the real-life stories that a group of women tell each other when they gather for a deep and structured conversation - once a month in a suburban living room - about the things that really matter. They discover that life can be a heartbeat away from chaos; that bad things happen to good people; that good people do outrageous things; that the desire for transformation is enduringly human. A mother tells of the heartbreaking loss of control when her daughter develops anorexia. A sister reveals the high psychological cost of being hated by a sibling over the course of her life. Husbands leave wives; wives take lovers; friendships shatter; wrong choices turn out to be right ones; agency is lost and re-claimed. Profound, layered and clear-sighted, this collection of real-life stories reveals the emotional untidiness that lies below the shiny surface of modern life and reminds us of the power of real conversation to enlighten, heal and transform.

Freedom: The End of the Human Condition Jeremy Griffith, 2016-05-24 FREEDOM has its own very informative website: visit www.humancondition.com The fastest growing realization everywhere is that humanity can't go on the way it is going. Indeed, the great fear is we're entering endgame where we appear to have lost the race between self-destruction and self-discovery—the race to find the psychologically relieving understanding of our 'good and evil'-afflicted human condition. Well, astonishing as it is, this book by biologist Jeremy Griffith presents the 11th hour breakthrough biological explanation of the human condition necessary for the psychological rehabilitation and transformation of our species! The culmination of 40 years of studying and writing about our species' psychosis, FREEDOM delivers nothing less than the holy grail of insight we have needed to free ourselves from the human condition. It is, in short, as Professor Harry Prosen, a former president of the Canadian Psychiatric Association, asserts in his Introduction, 'The book that saves the world'. Griffith has been able to venture right to the bottom of the dark depths of what it is to be human and return with the fully accountable, true explanation of our seemingly imperfect lives. At long last we have the redeeming and thus transforming understanding of human behaviour! And with that explanation found all the other great outstanding scientific mysteries about our existence

are now also able to be truthfully explained—of the meaning of our existence, of the origin of our unconditionally selfless moral instincts, and of why we humans became conscious when other animals haven't. Yes, the full story of life on Earth can finally be told—and all of these incredible breakthroughs and insights are presented here in this 'greatest of all books'.

The Story Of A Sunday's Child Stevie Mills,2007-07 When a genetic condition meets an addiction, life becomes difficult for a middle class mid-western girl. The Story Of A Sunday's Child is the true story of such an encounter. After becoming a young adult Stevie finds that her learning problems and physical traces on her body are the result of a genetic condition called Neurofibromatosis. When Stevie tells her fiancée about her problems she expects to be rejected but instead he is sympathetic. Unfortunately he turns out to be a high functioning alcoholic. Stevie watches helplessly as her marriage and her appearance become increasingly influenced by these two factors. It's the story of learning to live with something that cannot be changed; then finding the courage to leave a marriage gone aground on alcoholism. Nothing is sugar coated. Stevie's story is bluntly honest. It is not a how I learned to live with type of book. Many questions remain unresolved at the end of the narrative.
