Louisville's Crescent Hill John E. Findling, 2012 Crescent Hill is one of Louisville's oldest and most well-known neighborhoods. Located four miles east of downtown Louisville, it stretches from Ewing Avenue to the Masonic Home and is bisected by Frankfort Avenue, its principal commercial corridor. Frankfort Avenue parallels the CSX railroad line that was, in the 1850s, the impetus for the development of what became the neighborhood. Originally the site of the state fairgrounds, Crescent Hill was known as Fair Grounds, but the present name first appeared in the 1870s after the fairgrounds were sold. In the late 19th century, Crescent Hill was the site of estates that served as summer homes for many of Louisville's elite. An independent municipality from the 1880s until Louisville annexed it in the early 20th century, the neighborhood was

gradually subdivided into smaller lots with pleasant homes, many of which remain today. In addition, Crescent Hill is the home of the Louisville Water Company's filtration plant and reservoir--an iconic presence in the city.

The Source Loretto Dennis Szucs, Sandra Hargreaves Luebking, 2006 Genealogists and other historical researchers have valued the first two editions of this work, often referred to as the genealogist's bible. The new edition continues that tradition. Intended as a handbook and a guide to selecting, locating, and using appropriate primary and secondary resources, The Source also functions as an instructional tool for novice genealogists and a refresher course for experienced researchers. More than 30 experts in this field--genealogists, historians, librarians, and archivists--prepared the 20 signed chapters, which are well written, easy to read, and include many helpful hints for getting the most out of whatever information is acquired. Each chapter ends with an extensive bibliography and is further enriched by tables, black-and-white illustrations, and examples of documents. Eight appendixes include the expected contact information for groups and institutions that persons studying genealogy and history need to find.

A Pilgrimage of Faith Henlee H. Barnette, 2004 Henlee Barnette's life has spanned most of the twentieth century. His life in the rural South eventually led to his becoming a Christian. He graduated from Wake Forest College in 1940, and then attended seminary, taking the Ph.D. in 1948. For the next 50 years he taught Christian ethics, but not just in the classroom. In this remarkable memoir, he stresses Christianity as a pilgrimage, a way of life undergirded by faith in God. Such faith is active in love and calls for justice in personal and social relations. One's journey in the world needs a spiritual compass: the Christian's personal responsibility to do faith active in love, that is, agape love. Such love includes justice. Love without justice is subjective and sentimental. Love that Jesus taught provides concreteness and structure. Agape love makes justice just. Christian faith that is purely personal is suspect. In his own pilgrimage he became aware of the demonic forces that dehumanize us. Among these was the denial of basic human rights to minority groups. Love and justice motivated him to join the Civil Rights Movement as a means of achieving more just interpersonal relations. His relationships with blacks and whites during the Civil Rights Movement fill the pages of this wonderful narrative. But Barnette also fought against unjust wars, ecological abuse, poverty, violence, and a multitude of other issues which confront and challenge both Christian and church.

The Kentucky Encyclopedia John E. Kleber, The Kentucky Encyclopedia's 2,000-plus entries are the work of more than five hundred writers. Their subjects reflect all areas of the commonwealth and span the time from prehistoric settlement to today's headlines, recording Kentuckians' achievements in art, architecture, business, education, politics, religion, science, and sports. Biographical sketches portray all of Kentucky's governors and U.S. senators, as well as note congressmen and state and local politicians. Kentucky's impact on the national scene is registered in the lives of such figures as Carry Nation, Henry Clay, Louis Brandeis, and Alben Barkley. The commonwealth's high range from writers Harriette Arnow and Jesse

Stuart, reformers Laura Clay and Mary Breckinridge, and civil rights leaders Whitney Young, Jr., and Georgia Powers, to sports figures Muhammad Ali and Adolph Rupp and entertainers Loretta Lynn, Merle Travis, and the Everly Brothers. Entries describe each county and county seat and each community with a population above 2,500. Broad overview articles examine such topics as agriculture, segregation, transportation, literature, and folklife. Frequently misunderstood aspects of Kentucky's history and culture are clarified and popular misconceptions corrected. The facts on such subjects as mint juleps, Fort Knox, Boone's coonskin cap, the Kentucky hot brown, and Morgan's Raiders will settle many an argument. For both the researcher and the more casual reader, this collection of facts and fancies about Kentucky and Kentuckians will be an invaluable resource.

Unfinished Business John Henry Morgan, 2003 UNFINISHED BUSINESS is a data-based study of the nature and causes of the all-but-dissertation phenomenon in America at the top twenty Ph.D. granting seminaries in the U.S. The study was done with the assistance of the accrediting agency and the participating institutions. It is the first data-based study of the ABD phenomenon in the United States specifically focusing upon those in theological and religious studies.

Louisville John E. Findling, 2009 Founded in 1778 as a portage point on the lower Ohio River, Louisville was closely tied to river commerce for a century. In the 1880s, the Southern Exposition and the growth of the Louisville and Nashville

Railroad did much to establish the city as an important commercial link between the North and South. By 1900, Louisville was the 18th largest city in America, with a population of just over 200,000. The city had a vibrant downtown with elegant office buildings and hotels and one of the finest park systems in the country, designed by the Olmsted brothers in the 1890s. In Louisville, more than 200 postcards present a visual record of the institutions, prosperity, and charm of the river city.
