The Mélodies of Francis Poulenc Alissa Deeter, Robert Peavler, 2013-12-12 An acknowledged master of mélodie, Francis Poulenc's prolific song œuvre exceeds the collections of all other French composers who wrote in this genre. Yet despite Poulenc's prolific output and its significance to art song repertoire, few volumes dedicated to study of Poulenc's works have appeared in print. This text offers a theory on the marginalized popularity of Poulenc's songs and strategies for their study that can assist performers in their appreciation and interpretation of his work. The *Mélodies of Francis Poulenc* is the first work to contain the complete collection of Poulenc's song compositions, providing IPA transcriptions and word-for-word translations in an easy reference format. Also included are the highly regarded poetic translations of Winifred Radford. In their introduction to the songs, Deeter and Peavler formulate a methodology for the proper interpretation and study of the Poulenc's works. Finally, this work features a musical terms index, select discography of downloadable sound files, and a song title index. Teachers of singing, vocal coaches, professional singers, accompanists, and students of art song will find the *The Mélodies of Francis Poulenc* an invaluable tool for the study and instruction of Poulenc's songs.

**The Music of Francis Poulenc (1899-1963)** Carl B. Schmidt, 1995-10-19 The name of Francis Poulenc (1899-1963) was first brought to prominence in the 1920s as a member of Les Six, a group of young French composers encouraged by Satie and Cocteau. His subsequent fame spread well beyond France, and he is coming to be regarded as one of this century's most significant composers. His compositions are heard constantly in concert halls the world over, and numerous recordings, including complete sets of songs and piano music, have been released. Books, articles and more than a dozen doctoral dissertations have discussed his music. Carl Schmidt's catalogue of Poulenc's works represents the first comprehensive attempt to list an oeuvre which numbers approximately 185 compositions written from his teenage years until his death at the age of 63. The Catalogue identifies a number of unpublished works, and adds a small group of compositions to his musical canon for the first time. Each work, whether complete or unfinished, published or unpublished, is described fully. Catalogue entries list and describe all known printed editions (including reprints) and manuscript copies of each work. In addition, they provide detailed compositional histories based on numerous letters, documents, and press accounts, many of which have not been published previously. Russian interest in Poulenc's music, manifested in press runs exceeding one million copies, is also revealed for the first time.

Poulenc Roger Nichols,2020-04-09 An authoritative account of the life and work of Francis Poulenc, one of the most prolific and striking figures in twentieth-century classical music An assured overview of Poulenc's life and work.--Alex Ross, New Yorker Essential reading for anyone interested in the French musical culture of Poulenc's time. This is the biography the composer deserves.--Christopher Dingle, BBC Music Magazine, Named one of the Best Books on Classical Music in 2020 by BBC Music Magazine Francis Poulenc is a key figure in twentieth-century classical music, as well as an unorthodox and striking individual. Roger Nichols draws upon Poulenc's music and other primary sources to write an authoritative life of this great artist. Although associated with five other French composers in what came to be called Les Six, Poulenc was very much sui generis in personality and in his music, where he excelled over a wide repertoire--opera, songs, ballet scores, chamber works, piano pieces, sacred and secular choral works, orchestral works and concertos. This book fully covers this wide range, while also describing the vicissitudes of Poulenc's life and the many important relationships he had with major figures such as Satie, Ravel, Stravinsky, Diaghilev, Cocteau and others.

Christopher Le Brun Christopher Le Brun,Matthew Holman,2025-09-09 One of Britain's most influential living artists, Le Brun emerged as a significant rising star in the British art scene during the 1980s and continues to create works that are a celebration of light, depth, and the expressive potential of paint. This book presents an in-depth exploration of a discrete and compelling body of work over the past ten years. Le Brun's large-scale paintings are characterized by their lyrical abstraction and often reference myth, history, and literature using a rich palette and expressive brushwork. Each page of this sumptuous book reveals the artist's dynamic use of color, texture, and form, capturing the essence of his creative process and the emotions embedded in his canvases, some light in touch and some involving dense accretions of paint. Featuring an extensive plates section of full-color reproductions, including five expanding foldouts, a critical narrative by art historian Matthew Holman, and a reference section of illustrated footnotes that shed light on Le Brun's inspirations, this book provides a comprehensive look at one of Britain's most beloved artists.

Poulenc: The Life in the Songs Graham Johnson,2020-06-23 One of the greatest modernist composers comes alive in this illuminating biography, a must-have for musicians and music-lovers alike. Francis Poulenc (1899-1963) is widely

acknowledged as one of the twentieth century's most significant masters of vocal music —solo, choral, and operatic— quite apart from his achievements in instrumental spheres. But what it cost him, and the determined bravery it took for his unusual talent to thrive, has always been underestimated. In this seminal biography, which will serve as the definitive guide to the songs, acclaimed collaborative pianist Graham Johnson shows that it is in Poulenc's extraordinary songs, and seeing how they fit into his life —which included crippling guilt on account of his sexuality— that we discover Poulenc heart and soul. With Jeremy Sams's vibrant new song translations, the first in over forty years, and the insight that comes from a lifetime of performing this music, Johnson provides an essential volume for singers, pianists, listeners, and readers interested in the artistic milieu of modernism in the first half of the twentieth century.

*Knowing When to Stop* Ned Rorem, 2013-06-18 DIVDIVA thrilling, poignant, and bold memoir of the early years and accomplishments—both musical and sexual—of renowned contemporary composer Ned Rorem/divDIV Ned Rorem, arguably the greatest composer of art songs that America has produced in more than a hundred years, is also revered as a diarist and essayist whose unexpurgated writings are at once enthralling, enlightening, and provocative. In *Knowing When to Stop*, one of the most creative American artists of our time offers readers a colorful narrative of his first twenty-seven years, expertly unraveling the intriguing conundrum of who he truly is and how he came to be that way./divDIV /divDIVAs the author himself writes, "A memoir is not a diary. Diaries are written in the heat of battle, memoirs in the repose of retrospect." But careful thought and consideration have not dulled the sharp point of Rorem's pen as he writes openly of his life and loves, his missteps and triumphs, and offers frank and fascinating portraits of the luminaries in his circle: Aaron Copland, Truman Capote, Jean Cocteau, Martha Graham, Igor Stravinsky, Billie Holliday, Paul Bowles, and Alfred C. Kinsey, to name a few. The result is an early life story that is riveting, moving, and intimate—a magnificent self-portrait of one of the great minds of this age. /div/div

Paris, a Concise Musical History Guy Hartopp, 2019-02-15 Paris, the City of Light, is one of the most romantic cities in the world. The millions of visitors which flock to the French capital every year follow in the footsteps of countless artists, writers and composers who for centuries have been drawn to this magnificent city. Some composers, Chopin and Rossini among them, found success and contentment, and remained in Paris for the rest of their lives. But for others, Paris brought nothing but disappointment and disillusionment. Mozart, who came to Paris as a 22-year-old seeking a permanent position, was so bitter about the cavalier manner in which he was treated that he professed an aversion to all things French until the end of his days. Wagner was so upset by his treatment here that he once described Paris as a pit into which the spirit of the nation has subsided. And yet he was drawn back to the city time and again. This book charts the musical history of Paris. It discusses the composer and musicians, both French and foreign, who were drawn here and the impact they made on the

world of music, on this great city, and vice versa. It includes a wealth of biographical details, including where the artists lived and, where relevant, where they died and are buried. It also draws from and points to suitable scholarly literature, making it an accessible introduction to students of the musical history of Paris. The book also describes another feature which, if it did not enrich, most certainly enlivened Parisian musical life: The full-scale musical riot. The most notorious of these took place at the Theatre des Champs Elysées in 1913 at the premiere of Stravinsky's ballet *Le sacre du printemps*. Less physical, but no less vociferous, was the reception accorded to Wagner's *Tannhäuser* at the Opéra in 1860. Other composers who incurred the displeasure of Parisian audiences included Satie, Varese and Xenakis. These riots were not half-hearted affairs; police involvement was required and hospital casualty departments were kept busy. There are also chapters which discuss the musical history of the many theatres of Paris and the churches which played such an important part in the city's musical past. The text is clear and accessible in order to appeal to both students and the general reader.

**From Studio to Stage** Barbara M. Doscher, 2002-06-03 The repertoire files of the late Dr. Barbara Doscher, in which she noted her tips, observations on each particular piece, and notes on how to best teach it, comprise a unique trove of wisdom unmatched by any other source. Laboriously transcribed and annotated by John Nix, one of Doscher's students, the notes are presented here as a companion volume to her best-selling text, *The Functional Unity of the Singing Voice*. Entries are divided by broad category (art song, arias, folk songs, oratorio, musicals, etc.) and are arranged by song title. Each entry includes author, poet or librettist, key(s) available, ranges (for each key), tessitura, difficulty level, voice types, comments, a summary of the text, and notes as to genre, language, and editions available. Five comprehensive indexes facilitate searching. As a guide to selecting vocal repertoire, this book's practical and sometimes colorful comments on each song or aria will assist the vocal instructor in matching the student's ability and range to the appropriate piece. This distillation of Barbara Doscher's many years of experience in the teaching studio is a necessary addition to any vocal instructor's collection, as well as a valuable resource for the individual singer.

**A French Song Companion** Graham Johnson, Richard Stokes, 2002 The French Song Companion is the most comprehensive book of French *mélodie* in any language. The great accompanist Graham Johnson, a noted authority of song, provides repertoire guides to the work of some 150 composers - the majority of them from France, but including British, American, German, Spanish, and Italian musicians who have written French vocal music. There are major articles on such figures as Fauré, Duparc, Debussy, Ravel, and Poulenc; substantial articles on Bizet, Chabrier, Gounod, Chausson, Hahn, and Satie; and reassessments of such composers as Massenet, Koechlin, and Leguerney. A host of less celebrated figures who have contributed to the genre take their place in a book which is both informative and entertaining. The biographical articles

are supplemented by the song translations of Richard Stokes, some 700 in all, and a veritable treasury of great French poetry from the fifteenth to the twentieth centuries. These stand in their own right as indispensable to music lovers, concert-goers, and professional singers and their accompanists. This is a book which not only reflects the repertoire as found in today's concert halls, but also encourages performers and armchair enthusiasts to explore the neglected highways and byways of an endlessly fascinating and highly civilised body of music.

**Francis Poulenc** Hervé Lacombe, 2013-01-23 Alors que Francis Poulenc (1899-1963) s'est amplement confié dans des nombreux ouvrages, entretiens, émissions de radio, une monographie fouillée restait à écrire. Après celle d'Henri Hell, parue en 1978, qui se ressent de l'amitié qui unissait le biographe et le musicien, Hervé Lacombe donne la version de référence. À partir de documents étudiés de première main, il offre une image renouvelée d'un compositeur qui, né au XIXe siècle, s'est toujours inscrit dans son temps, ouvert à tous les courants et curieux de toutes les musiques, même s'il a choisi résolument de ne pas s'écarter de certains cadres formels. Son œuvre, qui embrasse tous les genres et excelle particulièrement dans le domaine vocal (ses mélodies sont au répertoire de nombreux chanteurs, son opéra *Les Dialogues des Carmélites* est joué dans le monde entier, sa musique religieuse est interprétée par de nombreux chœurs), est ici commentée dans son rapport au langage de son époque, de manière à pénétrer la séduction qui, d'une légèreté charmeuse et assumée à une gravité profonde, attire à elle les amateurs et retient les connaisseurs. À l'occasion du cinquantième anniversaire de sa mort, cet ouvrage complète la connaissance d'un musicien dont on a découvert la plume élégante à travers sa *Correspondance* (Fayard, 1994) et le recueil de textes *J'écris ce qui me chante* (Fayard, 2011).
