Seeing José Saramago,2020-06-11 A strange protest triggers a descent into paranoia and chaos in this illuminating parable—a sequel to the Nobel Prize-winning author's *Blindness* (Ursula K. Le Guin, *The Guardian*, UK). On election day in

the capital, it is raining so hard that no one has bothered to come out to vote. The politicians are growing jittery. Should they reschedule the elections for another day? Around three o'clock, the rain finally stops. Voters promptly rush to the polling stations, as if they had been ordered to appear. But when the ballots are counted, more than 70 percent are blank. In response to this mass act of rebellion, a state of emergency is declared. But are the authorities acting blindly? The word evokes terrible memories of the plague of blindness that hit the city four years before, and of the one woman who kept her sight. Perhaps she is the one behind the blank ballots. A police superintendent is put on the case. What begins as a satire on governments and the dubious efficacy of the democratic system turns into something far more sinister. As the story unfolds, the humor is still tender but the tone darkens, tension rises (Ursula K. Le Guin, *The Guardian*, UK).

Cain José Saramago,2011-10-04 A “winkingly blasphemous retelling of the Old Testament” by the Nobel Prize-winning author of *The Gospel According to Jesus Christ* (*The New Yorker*). In José Saramago final novel, he daringly reimagines the characters and narratives of the Old Testament. Placing the despised murderer Cain in the role of protagonist, this epic tale ranges from the Garden of Eden, when God realizes he has forgotten to give Adam and Eve the gift of speech, to the moment when Noah’s Ark lands on the dry peak of Ararat. Condemned to wander forever after he kills his brother Abel, Cain makes his way through the world in the company of a personable donkey. He is a witness to and participant in the stories of Isaac and Abraham, the destruction of the Tower of Babel, Moses and the golden calf, and the trials of Job. Again and again, Cain encounters a God whose actions seem callous, cruel, and unjust. He confronts Him, he argues with Him. “And one thing we know for certain,” Saramago writes, “is that they continued to argue and are arguing still.” Cain's vagabond journey builds to a stunning climax that, like the book itself, is a fitting capstone to a remarkable career.—Publishers Weekly, starred review This ebook includes a sample chapter of Jose Saramago’s *Blindness*.

Lost Kingdom: Animal Death in the Anthropocene Wendy A. Wiseman,Burak Kesgin,2024-03-12 The authors in 'Lost Kingdom' grapple with both the catastrophe of mass animal extinction, in which the panoply of earthly life is in the accelerating process of disappearing, and with the mass death of industrial animal agriculture. Both forms of anthropogenic violence against animals cast the Anthropocene as an era of criminality and loss driven by boundless human exceptionalism,

forcing a reckoning with and an urgent reimagining of human-animal relations. Without the sleights of hand that would lump “humanity” into a singular Anthropos of the Anthropocene, the authors recognize the differential nature of human impacts on animal life and the biosphere as a whole, while affirming the complexity of animal worlds and their profound imbrications in human cultures, societies, and industries. Confronting the reality of the Sixth Mass Extinction and mass animal death requires forms of narrativity that draw on traditional genres and disciplines, while signaling a radical break with modern temporalities and norms. Chapters in this volume reflect this challenge, while embodying the interdisciplinary nature of inquiry into non-human animality at the edge of the abyss—historiography, cultural anthropology, post-colonial studies, literary criticism, critical animal studies, ethics, religious studies, Anthropocene studies, and extinction studies entwine to illuminate what is arguably the greatest crisis, for all creatures, in the past 65 million years.

Beyond Vision Allan Jones, 2018-06-06 In this unique and exhilarating autobiography, Allan Jones – Canada’s first blind diplomat – vividly describes how an untreatable eye disease slowly decimated his visual world, most challengingly during his postings in Tokyo and New Delhi, and how he discovered and took to heart the revelatory Indian philosophy that changed his life. Advaita Vedanta, the most iconoclastic and liberating of the classical Indian philosophies, profoundly altered the author’s experience of self and world. He found that the true self, as distinct from the individual ego, far exceeds the boundaries of individuality. It lies beneath sightedness or blindness and is absolutely unaffected by the latter. This welcome shift of perspective was reinforced by startling discoveries in contemporary physics, evolutionary biology, and developmental psychology that are fully consistent with Advaitic metaphysics. As for the practical applications of metaphysics, this book demonstrates step by step how Advaitic insight and practice significantly reduce physical and psychological tension. The most telling examples have to do with adjustments compelled by extreme circumstances. Thus Jones describes how he drew upon Advaitic mindfulness techniques to maintain his white cane mobility skills in the teeth of permanent spinal, nerve, and muscle pain. The arc of *Beyond Vision* moves from the claustrophobically personal to the openness of the transpersonal. It begins in a dysfunctional family background, breaking out into a full life encompassing an adventurous foreign service career, spiritual exploration, and an unconventional kind of marital love.

Going Blind Mara Faulkner, OSB, 2012-03-15 Finalist for the 2010 Minnesota Book Award presented by the Friends of the Saint Paul Public Library Mara Faulkner grew up in a family shaped by Irish ancestry, a close-to-the-bone existence in rural North Dakota, and the secret of her father's blindness—along with the silence and shame surrounding it. Dennis Faulkner had retinitis pigmentosa, a genetic disease that gradually blinded him and one that may blind many members of his family, including the author. Moving and insightful, *Going Blind* explores blindness in its many permutations—within the context of the author's family, more broadly, as a disability marked by misconceptions, and as a widely used cultural metaphor. Mara Faulkner delicately weaves her family's story into an analysis of the roots and ramifications of the various

metaphorical meanings of blindness, touching on the Catholic Church of the 1940s and 1950s, Japanese internment, the Germans from Russia who dominated her hometown, and the experiences of Native people in North Dakota. Neither sentimental nor dispassionate, the author asks whether it's possible to find gifts when sight is lost.
