Neoliberalism and Young Adult Fiction Sean P. Connors, Roberta Seelinger Trites, 2025-03-17 In the twenty-first century,

the influence of neoliberalism, the belief that society benefits when both individuals and corporations are free to maximize their talents in the service of responding to social needs and problems, resonates through all domains of human life. And yet, little critical study has been given to the reproduction of a neoliberal social order in YA literature. *Neoliberalism and Young Adult Fiction: Exceptionalism, Exploitation, and Erasure* examines how some YA literature naturalizes neoliberalism in positioning teenagers as self-enclosed, competitive individuals. At the same time, however, the authors also examine other YA novels as potential sites of resistance that acknowledge teenagers' agency to reject neoliberalism's destructive impulses and to work for social justice and equality through collective action. With that in mind, the authors of *Neoliberalism and Young Adult Fiction* analyze such concepts as how the exceptionality of specific characters who embody neoliberal ideals leads to self-enclosed individualism and how environmental exploitation and consumerism lead to destructive effects. The book progresses to an in-depth examination of how racism undergirds US neoliberalism and environmental exploitation. From scrutinizing racism—and the rejection of neoliberalism inherent in the antiracism movement—the study turns to an examination of gender, specifically focusing on the relationship between sexism, exploitation, and embodied rejections of patriarchal thinking. Indeed, erasure is implicated in racism, sexism, and all forms of discrimination that are borne of exploitation. Finally, youth activism—with its rejection of neoliberal ideologies—leads to a culminating chapter about how global youth link YA literature to their protest movements.

**Venators: Legends Rise** Devri Walls, 2020-07-14 In book three of this dark YA series, four fantastical beings search for a friend while dodging danger in an alternate reality full of monsters and magic. The path will be forged in sweat and blood. Rune, Grey, the shape-shifter Beltran, and willful vampire, Verida, set out to rescue their friend and mentor, Tate, from the gladiator games. But first they must navigate the perils of Eon and its warring factions. Each of this band of four carries with them a secret that threatens to tear their group apart from within. Rune now bears the mark of the promise she made to save Grey's life—a nixie bubble lodged in her arm that could call her away to do their bidding or spell her death. Even as their loyalty to their cause and to one another faces its greatest test, Rune's twin brother Ryker is forging an alliance with their mortal enemy, the powerful sorceress Zio, who has plans of her own for the Venators and Eon. Hearts will be bared, secrets unveiled, and relationships made and destroyed in this stunning installment of the Venators series. Praise for the series "Fast-paced plotting will appeal to readers searching for a thrill . . . Recommend to older fans of fantasies like Cassandra Clare's *Mortal Instruments* series." —Booklist "The intense action sequences, hinted-at romance, and entertaining dialogue make this book a first purchase." —School Library Journal "A captivating, lush, and vivid fantasy world . . . Walls writes quickly unfolding drama and fast-paced action delivered in an engaging writing style that is rich, descriptive, and gorgeously metaphorical." —Erin Summerhill, award-winning author of the *Clash of Kingdoms* series
