El siglo XIX en la narrativa argentina reciente Barbara Jaroszuk,2025-04-03 Why does the Argentinian narrative of the early 21st century return so insistently to the 19th century, the country's founding era? Why does it focus so intensely on the political agency of the popular sectors – the people? How do the dozens of literary texts analysed in this book represent the relationship between the people and the elites in early Argentinian history? How do they engage in dialogue with its earlier visions? This book seeks to answer these questions, proposing that the prominence of these themes in recent Argentinian culture is closely tied to increasing social inequalities and the resurgence of (anti)populist movements in the contemporary world. ¿Por qué la narrativa argentina de principios del siglo XXI vuelve con tanta insistencia al siglo XIX, la época fundacional del país? ¿Por qué centra su interés en la agencia política de “los de abajo”? ¿De qué manera las decenas de textos literarios comentados en este libro representan las relaciones entre el pueblo y las élites de turno a lo largo de la historia argentina? ¿Cómo reescriben sus versiones ya existentes? Este libro trata de responder a todas las preguntas formuladas arriba planteando que la fuerte presencia de dichos temas en la cultura argentina reciente tiene mucho que ver con las crecientes desigualdades y la fuerte reemergencia de (anti)populismos que se observan hoy no solo en la Argentina.
